

EVEN CHRISTMAS poinsettias are changing under the influence of new plant genetics. These beautiful blooms in the Wickert greenhouse have new long lasting qualities. They are Mikkelsen poinsettias, in both white and red blood varieties, and they were planted last July, August and September. It's not unusual to have these plants keep their flowers for from three to six months. (Daily Press Photo)

## Hanoi To Release Some U.S. Pilots For Christmas

SAIGON (AP) — The United States today returned seven civilian seamen to North Vietnam, and Radio Moscow confirmed that Hanoi has announced it will release some American pilots at Christmas.

A U.S. spokesman said the release of the seven North Vietnamese was arranged in Vientiane, the Laotian capital. He said Hanoi's representatives had given no immediate indication that their government planned to release any of the hundreds of American fliers it has captured.

But a spokesman for Moscow Radio confirmed a broadcast by the Soviet radio Saturday which said: "Radio Hanoi stated today Dec. 14 that a group of American pilots who were taken into captivity when their planes were shot down over the territory of the Democratic Republic of Vietnam will be released at Christmas."

A Tokyo monitor reported a similar announcement broadcast by Hanoi Saturday in the Japanese language. But in the absence of official word from the North Vietnamese, it was

thought then that both the Moscow and Tokyo reports might have been the result of faulty translations.

### Good Will Act

The report relayed by Moscow gave no indication exactly when or how the fliers would be released.

The U.S. Command in Saigon said the release of the North Vietnamese seamen was an "action of good will" which it hoped would "lead to further release of prisoners."

The men were released offshore about 13 miles northeast of Vinh, a coastal city 145 miles north of the demilitarized zone.

A spokesman said the U.S. and North Vietnamese diplomats in Vientiane who negotiated the release "gave assurances that the operation would be safe from military action." But no cease-fire was declared because President Johnson's order halting all aerial, naval and artillery bombardment of North Vietnam on Nov. 1 made that unnecessary, the spokesman explained.

### Taken In Gulf

Last Oct. 21 the United States and Hanoi declared a 36-hour cease-fire covering a 288-square-mile area along the coast to return 14 North Vietnamese navy men. At that time the United States said it held no

other prisoners of war. North Vietnamese prisoners usually are turned over to South Vietnamese authorities.

U.S. Navy spokesmen said the seven men released today were rescued in 1967 from "a small boat in international waters in the Gulf of Tonkin after an attack by U.S. aircraft on North Vietnamese cargo boats suspected of supplying the enemy in the South."

### Mail Arrangement

North Vietnam has released a few American fliers captured after being shot down in combat, but not on the scale of U.S. releases.

North Vietnam had announced earlier arrangements would be made to forward Christmas packages from the United States to prisoners in the North. Meanwhile in South Vietnam, U.S. B52 bombers kept on pounding infiltration corridors north of Saigon, seeking to blunt the enemy winter offensive which some officials expect. But only light, scattered ground fighting was reported.

In Washington, Defense Secretary Clark Clifford said Sunday there have been "some indications that there is a military buildup in 3rd Corps," the Saigon area, and the enemy "may be contemplating a winter offensive."

## HHH To Teach At 2 Schools

ST. PAUL, Minn. (AP) — Vice President Hubert H. Humphrey announced Sunday he will return as a professor to two schools in the Twin Cities which hold especially fond memories for him.

Humphrey, a 1939 graduate of the University of Minnesota at Minneapolis and a teacher at Macalester College of St. Paul in 1943 and 1944, has accepted a joint professorship at the two schools.

The vice president said at a gathering in Macalester's fine arts center that after 25 years in politics he has some things he wants to say and the job in his home state should provide a very good atmosphere for both teaching and learning.

The crowd of over 600, about half of them students, applauded enthusiastically after Humphrey said he would accept the teaching offer. "Word must have spread that I'm a soft grader," Humphrey responded.

The courses which Humphrey will teach after his duties as vice president end Jan. 20 have not been outlined in detail, but there are indications he will give some regular lectures and hold some seminars.

Humphrey also said he hoped in his new position to work on solutions to some problems facing society.

The vice president will receive \$30,000 for teaching nine months at the two schools, \$20,000 from Macalester and \$10,000 from the university, according to university President Malcolm Moos.

## Leave Political To Vietnamese

# Clifford For Early Military Settlement

WASHINGTON (AP) — Secretary of Defense Clark M. Clifford says the United States should negotiate an early Vietnam ceasefire and troop withdrawals, leaving the political settlement to Saigon, Hanoi and the Viet Cong.

"I have no idea that we should maintain 540,000 (American) men there fighting," Clifford said Sunday. "while we wait for Saigon and Hanoi to come to some political settlement."

## Weekend Traffic Deaths At 13

By The Associated Press

Traffic accidents in Michigan killed 13 persons during the weekend just ended.

The Associated Press count began at 6 p.m. Friday and ended at midnight Sunday.

Latest reported victims included a Flint woman, Mrs. Edna Roth, 71, killed late Sunday in a car driven by her husband Eleazer, also 71, in Flint. A great grandchild of the couple and Roth were hospitalized.

Clifford also said a possible new enemy offensive in South Vietnam would not wreck the Paris peace talks, noting President Johnson had foreseen "hard bargaining and hard fighting ahead."

The defense secretary was interviewed on the CBS radio-television program "Face the Nation."

He suggested the U.S. role at the Paris talks should be limited to military matters and the more time-consuming political settlement should be left to the Vietnamese, including the Viet Cong's National Liberation Front.

"Now, I say that the political settlement is a matter between Saigon and Hanoi and the NLF," Clifford said. "Our military problem involves North Vietnam. I say the military settlement should come first."

The secretary expressed repeated annoyance with the prolonged dispute at Paris over seating of the four delegations. He said the squabbling is between Hanoi and Saigon, not involving the United States.

"I would like to get going at the Paris conference," he said. "I would like to start getting

our troops out of there. I would like to see a ceasefire."

There is some indication the enemy may decide this month or next to launch a new "winter offensive" in the South, Clifford said.

He said there are indications of an enemy buildup, particularly in the Third Corps area in which Saigon is located.

But Clifford said such an offensive would not violate the agreement under which President Johnson halted bombing of North Vietnam, and noted that both sides have continued ground fighting since Johnson's announcement.

He said the major U.S. concern was infiltration across the Demilitarized Zone that would increase the jeopardy to U.S. troops, and said Hanoi is not believed to have violated that part of the agreement.

## Job Center KO Is Opposed By Charles Diggs

DETROIT (AP) — Rep. Charles C. Diggs Jr., D-Mich., has stepped into the controversy that threatens eviction of a nearly all-Negro Women's Job Corps Center from the Northern Michigan University campus at Marquette.

Diggs, one of the state's two Negro congressmen, announced Sunday he has asked separate meetings Tuesday with those involved in the racial squabble, which erupted last week when 150 students forced postponement of a basketball game by sitting down on the court and refusing to move.

Diggs said he had asked conferences with Dr. John X. Jamrich, NMU president; the director of the Job Corps Center; the NMU Faculty Senate; Job Corps trainees and a representative group of Negro students.

He also wired the commander of K.I. Sawyer Air Force Base outside Marquette, requesting a meeting with Negro servicemen, whose campus visits to meet Job Corps trainees are a part of the controversy.

The Black Students Association said it took over the basketball court in support of demands upon Jamrich for establishment of a human rights commission to act on cases of reported racial discrimination on the campus, among other things.

They also asked employment of more Negro students in university jobs and a review of recent incidents.

Jamrich agreed to demands in a conference with Negro campus leaders the next day.

The Faculty Senate recommended to Jamrich Friday that the Job Corps Center be removed from the campus or if this were not feasible immediately that NMU not seek renewal of the Job Corps contract.

The Job Corps Center has 310 employees, 80 per cent of them Negro, and is in its third year on the NMU campus under a \$1.6 million contract with the Office of Economic Opportunity.

NMU has a predominantly white student body of 7,100.

"I am entering this situation," Diggs said in a statement, "because it appears to be

PRESIDENT-ELECT Richard M. Nixon extends his hand and it is grasped by several unidentified people outside Marble Collegiate Church in New York's borough of Manhattan where he attended services Sunday. Behind Nixon is his daughter, Julie, who will be married to David Eisenhower in the church next Sunday. (AP Wirephoto)

# Nixon Will Keep FBI Chief Hoover

WASHINGTON (AP) — President-elect Nixon, here to confer with Republican congressional chiefs, announced today that J. Edgar Hoover has agreed to continue as FBI director and Richard Helms will remain on the job as director of the Central Intelligence Agency.

Shortly after Nixon's arrival here from New York for a visit of several hours, press spokesman Ronald L. Ziegler told newsmen Nixon had talked secretly and face to face with both Hoover and Helms in New York and had asked them to retain their posts. He said they had agreed to do so.

The two men apparently will stay on their jobs indefinitely.

In addition to meeting with GOP congressional leaders, Nixon plans a trip to Walter Reed Army Medical Center for his third postelection reunion with former President Dwight D. Eisenhower before returning to New York.

### Hoover Retained

Aides said Nixon could hardly talk seriously about the policies and programs his administration will push since task forces studying major problem areas — and recommending programs for the future — have yet to report to him.

## Weather

ESCANABA AND VICINITY—Mostly fair with some cloudiness at times today, tonight and on Tuesday. High tonight in the mid 20s. Low tonight in the upper teens. The highest temperature yesterday was 25 and the overnight low was 21. Chance of snow on Tuesday night. Wednesday's outlook is for snow or rain likely. Winds will be light and variable. Precipitation probabilities: today and tonight, 5%, and Tuesday, 20%.

Upper Peninsula — Partly cloudy with a slow moderating trend this afternoon, tonight and Tuesday. Highs mostly in the 20s. Lows tonight 10 to 20. Highs Tuesday 27 to 35.

Sun sets today at 4:05 p. m., and rises Tuesday at 7:24 a. m. Low temperature readings: Albany . . . 9 Memphis . . . 19 Albuquerque 25 Miami . . . 37 Atlanta . . . 20 Milwaukee 10 Bismarck . . . -1 Mpls.-St. P. 10 Boise . . . 36 New Orleans 26 Boston . . . 19 New York 18 Buffalo . . . 12 Okla. City 8 Chicago . . . 21 Omaha . . . 14 Cincinnati 12 Philadelphia 15 Cleveland . . . 19 Phoenix 42 Denver . . . 19 Pittsburgh 13 Des Moines 12 Pltnd. O. 39 Detroit . . . 13 Rapid City 0 Fairbanks . . . 9 Richmond 17 Fort Worth 35 St. Louis 16 Helena . . . 17 St. Lake City 37 Honolulu 68 San Diego 53 Indianapolis 15 St. Francisco 46 Jacksonville 26 Seattle . . . 40 Juneau . . . 9 Tampa . . . 36 Kansas City 19 Washington 21 Los Angeles 54 Winnipeg 4

The President-elect will begin receiving these reports this week.

While in the capital, Nixon also will announce he is retaining 73-year-old J. Edgar Hoover as director of the Federal Bureau of Investigation. By federal law, Hoover would have been forced to retire in 1964 at age 70 except for an exemption granted him by President Johnson. Nixon will continue to honor the exemption.

It was not certain, however, that Hoover would remain at the helm of the FBI throughout the new president's term. Some sources said he was considering retirement in the next few years.

The Nixon meeting with Republican leaders of Congress was a bit unusual in that one outsider was included among the conferees—Ray Bliss, chairman of the GOP National Committee.

### Plot Strategy

Once in office, presidents normally do not invite their party chairman to such sessions.

But at this preinaugural meeting it was apparent that Nixon and those meeting with him would have to give particular

attention to partisan strategy in the coming congressional session, where Democrats will outnumber Republicans in both houses.

On Sunday, Nixon and daughter Julie attended morning services at the Marble Collegiate Church and heard a prayer by the minister, the Rev. Dr. Norman Vincent Peale, for Johnson and the president-elect.

Julie will be married in Dr. Peale's church next Sunday to David Eisenhower, grandson of the former president.

In the afternoon, Nixon walked up Fifth Avenue from his apartment through streets covered with ice and snow to Temple Emanu-El for memorial services for Arthur Hays Sulzberger, retired publisher of The New York Times.

The President-elect returned to his apartment with Mrs. Nelson A. Rockefeller, wife of the New York governor, at his side. Rockefeller walked behind, chatting with Lt. Gov. Robert Finch of California, Nixon's choice to be secretary of health, education and welfare. The Nixons and the Rockefellers have apartments in the same building.

# Radiation Equals 3 Chest X-Rays

CAPE KENNEDY, Fla. (AP) — Despite concern expressed by some scientists, the space agency predicts America's Apollo 8 astronauts will be exposed to radiation no greater than the total equivalent of three chest X-rays when they fly around the moon.

Solar flares erupting on the sun's surface could spew radiation into space between earth and the moon, but "it would take a very unusual flare" to prevent or alter the mission, said an Apollo 8 astronaut, William A. Anders.

"They probably haven't seen more than one or two in the last decade large enough to cause concern," said Air Force Maj. Anders, who plans to blast off Saturday for a 10-orbit flight around the moon with Air Force Col. Frank Borman and Navy Capt. James A. Lovell Jr.

### New Sunspots

While NASA said it has no grounds for worry, concern has been expressed elsewhere in the scientific community.

Dr. Harold Zirin, professor of astrophysics at the California Institute of Technology, said earlier this month that Cal Tech astronomers observed a new sunspot group which "has grown rapidly and will be facing the earth at the center of the sun on Dec. 23."

Scientists in the Soviet Union and other Communist countries

have said in recent weeks that further biological testing would be necessary before the Russians would attempt a deep-space flight. Radiation hazards were among questions needed to be answered, they said.

### Warning Satellites

A network of radiation-measuring U.S. satellites circling the sun and ground-based observatories are keeping track of solar storms for NASA.

The satellites can give warning of active solar regions as much as 16 days in advance.

If an unusually hazardous flare spilled radiation into space while the astronauts were in flight, "we could stay in orbit around the moon to take advantage of its one-half shielding effect," Anders said. He meant that high radiation levels could be avoided for about half of every two-hour orbit when the moon was between Apollo 8 and the sun.

## Gwinn Fire Fatal

GWINN (AP) — Axel Lindquest, 79, of Gwinn, died Saturday night in a fire at his Marquette County home. State Police said Sunday that Lindquest, who lived alone, apparently dropped a cigarette in a chair and went upstairs to his bedroom when the fire started.

## Power Source, Land Moves Are Tips On Tilden

By A. F. MAHAN  
Associated Press Writer

DETROIT (AP) — Cleveland-Cliffs Iron Co., already the largest employer and iron ore producer in Michigan's Upper Peninsula, is planning on expansion in the Ishpeming area.

The company will say only that it is conducting "research studies on an iron ore body south of Ishpeming" and that any expansion will "depend upon economic conditions being favorable."

Usually knowledgeable local sources, however, say the contemplated expansion involves a new mine and pelletizing plant rivaling in cost and size the \$90 million complex at nearby Empire mine, a producer of 3.4 million tons of pelletized ore annually.

Electric Expansion

An expanded electrical supply would be a No. 1 requirement for any such undertaking, and it is known that the Upper Pen-

## Generator

By KENNETH S. LOWE  
Of Panax Newspapers

The Upper Peninsula Generating Co. is planning to construct a huge new generating plant in Marquette County on Lake Superior at Little Presque Isle 5 miles northwest of Marquette.

The plant would be constructed to meet additional power needs rising from expansion of Cleveland Cliffs Iron Co.'s mining operations and to meet additional needs of the Upper Peninsula Power Co.

Cleveland Cliffs and U.P. Power are joint owners of the U.P. Generating Co. Although the exact size of the new facility has not yet been determined, it is known that the generating unit will have at least a capacity for 107,000 kilowatts and will cost probably between \$10 and \$15 million.

insula Generating Co., jointly owned by Cleveland-Cliffs and the Upper Peninsula Power Co., has a 107,000-kilowatt generating unit on order.

The jointly owned generating company also has exercised its option on a 400-acre plant site north and west of neighboring Marquette, and footing explorations are being made there.

It would take two to three years to build such a generating plant and the company, which has not yet given a firm shipping date on the new generating unit, must do so early next year in order to obtain delivery in 1971.

Tilden Pit

It would take at least as long or longer to construct a mining and pelletizing complex comparable to that at Empire.

Upper Peninsula Generating now has a capacity of 180,000 kilowatts, which the unit would lack 73,000 of doubling.

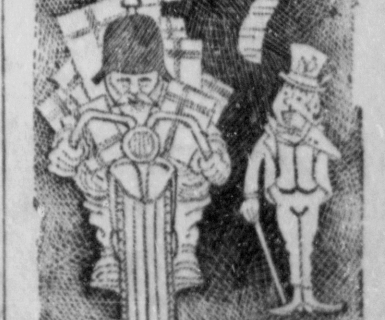

The company's admitted "research studies" are in the so-called Tilden Pit area south of Ishpeming.

Cleveland - Cliffs, which usually operates in partnership with others, has given no indication who else might be involved, if and when the new Ishpeming development is started.

Five Pellet Plants

The Marquette Iron Mining Co., which operates a mine and pelletizing plant at Republic, is operated by Cleveland-Cliffs and jointly owned with Interna-

## Services Held For Miss Fahey

Rose V. Fahey, 75, of 700 S. 10th St., died at 5:40 p. m. Friday at the Marinette General Hospital. She had been in failing health for the past several years.

She was born Aug. 20, 1893 in Michigamme and came to Bark River as a young child. She taught school in Delta County for several years and also in Monroe, Mich., for 36 years. After retiring in 1962, she returned to Escanaba, and made her home with her brother-in-law, William Flynn.

Miss Fahey, the last member of a prominent pioneer Escanaba family, was a member of St. Patrick's Church and the Alumni Association of the University of Michigan. She received her B.A. degree from Northern Michigan University and her M.A. degree from the University of Michigan.

She is survived by one sister-in-law, Mrs. John Fahey; two brothers-in-law, Edmund Bergman of Bark River and William Flynn of Escanaba, several nieces and nephews.

Funeral services were conducted at 9 a. m. today at St. Patrick's Church with the Rev. Charles Carmody officiating with burial in Bark River cemetery. Allo Funeral Home was in charge of arrangements.

Pallbearers were Edwin Bergman, Roy Flynn, Fahey Flynn, William Flynn, Tony Flynn and John Johnson.

LEROUX COWEN, a pretty, dark-haired freshman from Gladstone, is the new Miss Bay de Noc Community College. Miss Cowen, daughter of Mr. and Mrs. Paul F. Cowen, 1121 Dakota Ave., was crowned Queen Saturday night in the college's annual pageant at the student center. She will represent Bay de Noc in the Michigan Snow Queen pageant at Northern Michigan University in March and also in the Miss Michigan Junior College pageant in Lower Michigan this spring. A graduate of Gladstone High School, Miss Cowen plans to transfer to Central Michigan University to pursue a degree in education after completing her studies at Bay de Noc. Sue Pomeroy of Ensign was first runnerup and Joan Frederick of Escanaba second runnerup in the pageant. (Daily Press photo.)

SAN FRANCISCO — Parke, Davis & Co., today announced it was in the final stages of acquiring the assets of Walker Industries, of San Francisco, a firm which markets a line of plastic disposables to hospitals.

## FAST SERVICE Open Year 'Round Escanaba

## Plan Ordinance On Snowmobiles

The Escanaba City Council will consider the adoption of an ordinance controlling the operation of snowmobiles in the city when it meets at 8 p.m. Thursday, Dec. 19, in the Delta County Building.

The change in meeting place from City Hall to County Building was noted by City Manager George Harvey, who said the renovation of the Council chamber in City Hall requires Council meetings to be held elsewhere. The City Hall space

is to be utilized for offices. The Council will continue to meet at the County Building until suitable space is available in the community services section of the Catherine Bonifas Civic Center.

Preparation of an ordinance to control the operation of snowmobiles has begun several months ago. Complaints about the noise and hazards caused by the machines have become increasingly frequent this winter. Before any ordinance may be adopted it must be given a first and second reading and public hearing.

The Council will also have before it on Thursday night:

Second reading, public hearing and adoption of an ordinance vacating the street right of way on 6th Ave. S., between 19th and 20th Sts.; and similar hearing and adoption of an ordinance discontinuing an easement for a street light cable in the Parkway subdivision.

Authorization of Mayor Cecil B. Chase and City Clerk Don Guindon to execute a deed conveying city land to the Escanaba Foundation, including an easement restriction for power line use.

Consideration of a letter from Howard Acker resigning from the Safety Committee; authorizing Bay de Noc Community College to purchase gas from the city; and other business.

Defiant of the ages, Ramesses II, god-king of Egypt, again sits enthroned above the waters of the Nile. The two ancient temples of Abu Simbel honoring Ramesses have been preserved in all their glory by an incredible international salvage project.

## Happier Christmas:

## Blood Gift Aids Burn Victim, 19

Steve Micheau, 19, of 428 S. 14th St., Escanaba, was so severely burned on Oct. 15 that he continues a patient in St. Mary's Hospital Burn Center, Milwaukee.

But he is recovering, thanks in part to generous contributions of blood by donors here and elsewhere, reports the Red Cross.

When the Bloodmobile comes to Delta County this week (it will be at the James T. Jones School in Gladstone on Tuesday, 3 to 7 p.m.) there will be the opportunity for Steve's friends and fellow workers to give replacement blood used to speed Steve's recovery.

Steve was accidentally burned while employed at the Harnischfeger truck crane plant, and since the accident he has received 14 units of whole blood and 80 units of serum albumin. The Red Cross is hopeful, therefore, that 94 persons will sign up as replacement donors.

"All that is necessary is for the donors to tell the receptionist at the bloodmobile that they are replacing for Steve Micheau," said Mrs. Edith Olsen, Red Cross blood procurement chairman for Delta County. "We would like to be able to send Steve a Christmas card with the names of his 94 replacement donors."

Walk-in donors are invited at Gladstone and for the two days (Wednesday and Thursday) when the bloodmobile will be at the Teamster building in Escanaba. Hours in Escanaba are Wednesday 2:30 to 7:30 p.m. and Thursday 10 a.m. to 3 p.m.

The magnitude of the replacement is indicated in the fact that it takes 10 donors each giving one unit of whole blood to make one unit of serum albumin. Thus when Steve Micheau received 80 units of serum albumin, he was the recipient of a gift of blood from 800 donors.

Mrs. Gordon Micheau, Steve's mother, is with him now and

his sister, Carol, will be in Milwaukee between the holidays.

"Steve is cheerful at times and he is better — but sometimes he is depressed and he will have to be there for some time yet," said his sister. "I'm sure he would be pleased to receive greetings from anyone who would care to write."

Steve has had a number of skin grafts and he must have more before his release from the hospital.

## Death Claims Mrs. K. Bebeau

Mrs. Katherine Bebeau, 92, of 321 S. 7th St., died at 8:15 p. m. Saturday at the Pinecrest Medical Care Facility. She had been in ill health for the past four years.

She was born June 15, 1876 in St. James, Mich., and had resided in Escanaba for the past 22 years. She was married to William J. Bebeau in 1896 in Manistique. He died Dec. 3, 1950. Mrs. Bebeau was a member of St. Joseph Church of Escanaba.

Survivors include four sons, Cassius of Escanaba, Ralph of Waunakee, Wis., Gordon, Appleton, Wis., and William Jr., of Millbrae, Calif.; two daughters, Mrs. Ruth Norton of Escanaba and Mrs. Gordon (Bernadine) O'Brien of Madison, Wis.; one brother, Ralph J. McCauley of Milwaukee, 12 grandchildren, 19 great grandchildren and one great great grandchild.

Friends may call at the Allo Funeral Home from 4 to 9:30 p. m. Tuesday and parish prayers will be recited at 8 p. m. Tuesday. Funeral services will be conducted at 10 a. m. Wednesday at St. Joseph's Church with the Rev. Jordan Telles officiating. Burial will be in Gardens of Rest Cemetery.

## Beverage Dealers To Present \$80 For Kidney Unit

The Upper Peninsula District Council of the Michigan Licensed Beverage Dealers Association has joined the campaign by the Upper Peninsula Kidney Foundation of Escanaba to purchase and install a kidney machine in Escanaba.

Members of the association donated \$40 toward purchase of the machine and the District Council will match that gift and present a check for \$80 to the foundation.

Action was taken at a meeting of the District Council at the Stonehouse last week.

Ernie Shepperd, Lansing, state coordinator, and Gerald Peterson, Harbor Beach, president of the state association, attended the meeting along with Dan Donati, Iron River, U. P. council chairman, and Ruth Briney, Crystal Falls, secretary-treasurer.

A Christmas party at the Dells followed the business meeting.

# Michigan Hospitals Have Deficit Of \$15.8 Million

It cost over a half billion dollars (\$558,718,000) to operate Michigan's hospitals in 1967, according to H. Allan Barth, executive director of the Michigan Hospital Association.

Barth said that despite a general decrease in admissions, there was a 13.2 per cent increase in hospital operating expenses in the state's voluntary, short-term general hospitals.

Per patient day expenses in these hospitals rose 11.7 per cent from \$51.81 in 1966 to \$58.69 in 1967.

Total operating expenses for the state's voluntary, short-term general hospitals came to \$418 million and revenue from patients and third party payers \$403 million, leaving a deficit of \$15 million, based solely on patient revenues against expenditures. The 1967 total revenue figure, which includes grants, gifts, rentals, concessions and other non-patient income sources, was \$419 million which gave hospital administrators an actual cash balance of only \$574,000 for meeting depreciation of hospital facilities and equipment — a minute .013 per cent.

**287 Hospitals Surveyed**  
The 287 hospitals covered in the survey include 148 voluntary, short-term general hospitals; 11 federal hospitals; 28 psychiatric hospitals; 3 TB hospitals; 15 long-term general

hospitals; 4 proprietary short-term general hospitals and 47 which are either state or local government — operated institutions.

Statistics from 31 osteopathic hospitals, surveyed by the Michigan Osteopathic Hospital Association were included in the survey.

Hospital admissions throughout the state decreased from 1,176,681 in 1966 to 1,164,413 in 1967.

Births continued to decline by 3,103, from 147,197 in 1966 to 144,094 in 1967.

Payroll continued the largest single budget item for Michigan's voluntary hospitals, constituting 61.8 per cent as compared to a national average for these hospitals of 60.2 per cent.

**Employees Increase**  
The ratio of full-time hospital employees to patients was 271 per 100 patients, an increase of 3 employees per 100 patients over 1966. The national average is 265 employees per 100 patients.

Average stay of hospital patients was 8.3 days, consistent with the national average.

On the average, for every dollar spent in providing patient care in Michigan general hospitals, 9.3 per cent was for dietary; 3.9 per cent for housekeeping; 2.2 per cent for laundry and linen; 4.8 per cent for plant operation; 31.8 per cent for nursing service, education, operating room and delivery; 4.6 per cent for medical-surgical and intern resident service; 3.4 per cent for pharmacy; 1.5 per cent for medical records; 1.5 per cent for anesthesiology; 5.5 per cent for radiology; .7 per cent for inhalation therapy; 6.9 per cent for laboratory; 14.4 per cent for administration and general supervision, and 9.5 per cent for other expenses such as blood bank, social services, ambulance, clinical, emergency and out-patient services and depreciation.

Barth said the major causes of rising hospital expenses are the constantly upward creep of inflation which is gripping the entire nation, the salary and fringe benefit increases which are being given to all hospital employees and the increased costs of materials and equipment which are becoming standard components of good hospital care.

## Job Center KO Is Opposed By Charles Diggs

(Continued From Page One)

very serious and has highly disturbing racial overtones.

**Explosive Elements**  
The fact that 80 per cent of the 310 Job Corps enrollees at NMU are black and that black students apparently differ with the Senate on motives for the eviction are explosive elements in the current climate of student revolt."

In recommending removal of the center, the faculty senate said it had been informed that on numerous occasions guests of Job Corps enrollees had "abused and threatened and sometimes even physically attacked regular students and employees of the university."

**Seek Solution**  
The senate also said "cultural differences" exist between Job Corps members and their guests and NMU students and that Job Corps involvement in university activities is "minimal."

"I would hate to see this program lost from the state and from the campus environment, which should be expected to provide extra dimensions, not only for trainees, but for both black and white students," Diggs said.

He said he proposed the conference to seek solution through negotiations.

## Delta Lags On Giving To Fight Chest Diseases

Many persons who contribute to Christmas Seals remember the scourge of tuberculosis at the time when it was the No. 1 killer in the nation. Yet, today tuberculosis is still very much with us. Every year in Michigan approximately 3,000 new cases of TB are found. In addition, more than 200 persons lose their lives annually from TB. The battle to eradicate the disease tuberculosis is far from won.

Emphysema, a word literally unheard of several years ago, brings fear to the hearts of many. This respiratory disease has zoomed past TB as a cause of death. In Michigan during 1967 over 1,000 died of emphysema — more than four times the number recorded just 10 years ago.

In Michigan, tuberculosis and respiratory disease associations lead in the fight against these breath-stealing diseases. Funds to continue the fight are obtained through the annual Christmas Seal campaign conducted in all Michigan counties.

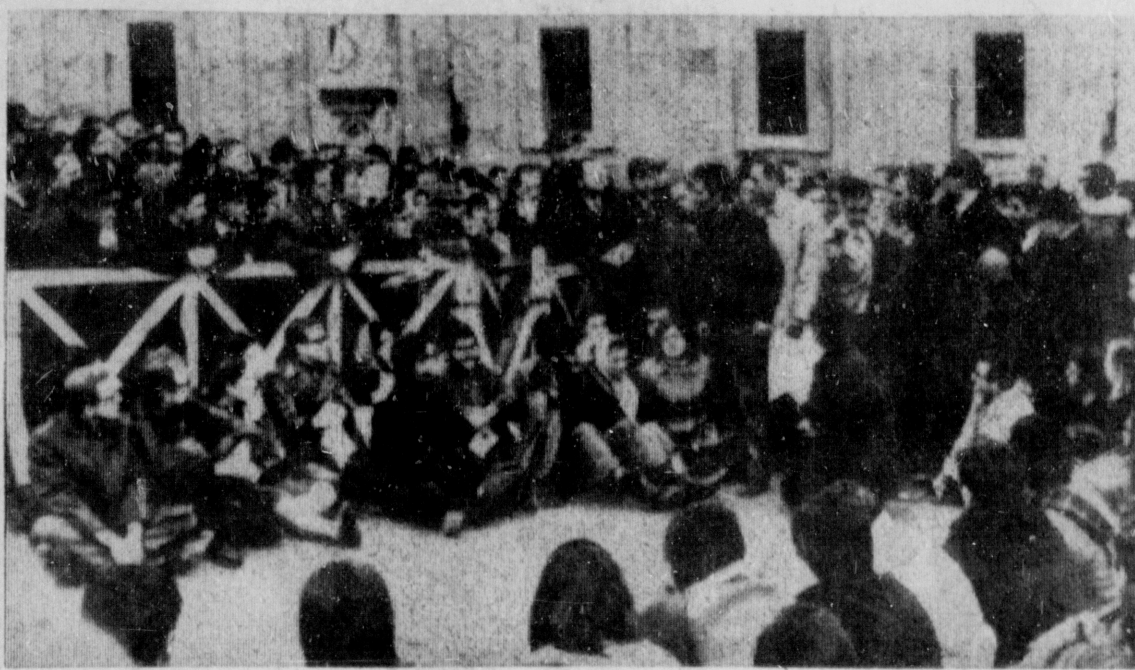

At the end of the sixth week of the Christmas Seal campaign, statewide contributions have reached \$1,038,260. Returns are slightly behind last year at this time.

Delta County residents have already contributed \$3,728, which is slightly behind the \$3,927 contributed at the same time last year.

## Mackinac Plans Winterim Study

MACKINAC ISLAND—Mackinac College will embark in January on its first Winterim, a feature of the college's new 3-1-4 term schedule. The plan consists of three courses taken in the fall term, one course or independent study in the Winterim and four courses in the spring.

A student-initiated study of higher education, "Innovation in American Higher Education," is a major highlight of this year's Winterim. The independent group study involves seminars, extensive reading on the latest educational innovations and correspondence with education writers and journals.

THESE ARE SOME of the students as they staged a sit-down demonstration in St. Peter's Square in Vatican City protesting the ouster of the rebel priest, the Rev. Don Enzo Mazzi. The protest came as Pope Paul was giving his Sunday blessing to the crowd in the square. The students were confined by police to an area of the square out of the pontiff's vision. Rev. Mazzi was fired earlier this month from his parish post in Florence, Italy, for defying church authority. (AP Wirephoto via cable from Rome)

# Campus Chaplains Report Need For More Support

CONWAY, Mich.—"Too few priests, too little money, and too many students" — this was the recurrent concern of 23 Catholic priests who serve as chaplains throughout Michigan.

At their semi-annual meeting held here Dec. 10th and 11th, the state's Newman chaplains, expressed considerable apprehension over the many misunderstandings their fellow priests and some bishops have with regard to their work. They feel that their work and their problems are regarded as relatively minor or else are being shunted off by authorities who are confronted with so many crises in recent years.

Their own pastoral approaches and the differences in ministry facing priests in residential and in commuter colleges were aired. The need of personal interest in individuals who feel dehumanized in today's huge university communities was stressed. Along with this the chaplains have a concurrent commitment to make their presence felt in the organizational structures of the state's campuses.

The problem of selective conscientious objectors to war and their attitudes and the decisions confronting them were discussed. Steps were taken to implement draft counselling centers in areas where they are

not yet available. The statement of the Catholic Bishops of the United States issued at the conclusion of their recent meeting in Washington, D.C., gives this sensitive area added emphasis.

The state's Newman chaplains, expressed considerable apprehension over the many misunderstandings their fellow priests and some bishops have with regard to their work. They feel that their work and their problems are regarded as relatively minor or else are being shunted off by authorities who are confronted with so many crises in recent years.

There was a strong concern voiced about the amount of money and personnel devoted to Newman work, considering the number of students whom they serve. A fruitful source of leaders for the church is found in today's Catholic college students, 80 per cent of whom attend colleges and universities which are other than Catholic.

The meeting ended with a note of new purpose and resolve on the part of the chaplains in seeking to bring attention to these problems.

Attending the meeting from the Upper Peninsula colleges and universities were: Father Glen Weber and Father Don-

ald Zanon, chaplains of the Catholic community of Northern Michigan University, Marquette; Father August Franck, Newman chaplain of Bay de Noc College, Escanaba, and Father Terrence Donnelly, Catholic chaplain for students attending Mackinac College, Mackinac Island.

## Officers Kept By Foundation

Gust Asp was re-elected president of the Escanaba Foundation at the annual meeting held Friday afternoon at the Chamber of Commerce building. Other officers re-elected are James R. Fitzharris, vice-president, John L. Greene, treasurer, and Walter G. Lewke, secretary.

Re-elected to three year terms on the board of directors are Gust Asp, Matt Smith and A. C. Baudek. They will serve with E. G. Bennett, C-C President, Don Brandt, Mayor Cecil Chase, Forrest Henslee, Russell Lee, and H. H. Shepek in addition to the elected officers on the board.

# All Delta Votes To Be Checked In Time Recount

All 27 voting precincts plus the two absent voter counting boards set up in Delta County for the Nov. 5 general election will be recounted in the statewide Daylight Savings Time proposal recount.

The recount petition was filed in Lansing last week by a group of various business officials supporting Daylight Savings Time.

The businessmen paid \$13,305 for a recount of 2,661 precincts in 80 of Michigan's 83 counties. In addition, opponents of Daylight Savings Time paid \$415 for a check of 83 precincts.

**Begin In January**  
Lone exceptions in the recount petitions were Gogebic, Iron and Dickinson counties in the Upper Peninsula, where anti-Daylight Savings Time voting was heavy.

County Clerk William E. Butler, who was in Lower Michigan last week for a state instruction school for clerks of the new District Courts, said he was informed by the Elections Division in Lansing Friday that the recount in Delta County would not get underway until sometime after Jan. 1.

Recounts in Lower Michigan, where several judicial races also are to be checked, will begin this week.

Butler said the Elections Division notified his office by telegram to preserve all ballots and machines for the recount.

**Lost By 1,501**  
Delta County voted 3,640 in favor of Daylight Savings Time and 9,664 against, according to the results certified by the County Board of Canvassers. There were 27 voting precincts, plus two absent voter ballot

counting boards in the City of Escanaba.

The Daylight Savings Time proposal, originally believed to have passed, was defeated by 1,501 votes, according to the results certified by the State Board of Canvassers.

Defeat of the proposal, if the recount verifies the result, would mean that Michigan will remain on the same time year around. Unless changes are approved in federal time zones, the Upper Peninsula would observe Central Standard Time year around, while Lower Michigan would be in the Eastern Time zone.

Daylight Savings Time, moving clocks forward one hour to gain additional daylight for outside activities in the evenings of summer months, was observed this year.

The recount in Delta County will be conducted by the County Board of Canvassers under the direction of the Elections Division. Bruno Nardi of Escanaba is the Upper Peninsula representative of the division.

## Kill

This year's deer harvest has been set at about 98,750 animals, or a drop of about 12 per cent from last year. The Natural Resources Department feels much of the drop was caused by rain on the opening two days of the season and over the Thanksgiving weekend. Department experts say the deer herd was in excellent condition and normally plentiful.

## Now Possible To Shrink Painful Hemorrhoids

And Promptly Stop The Itching, Relieve Pain In Most Cases.

New York, N.Y. (Special): Science has found a medication with the ability, in most cases — to promptly stop itching, relieve pain and actually shrink hemorrhoids.

Tests by doctors proved that in case after case, while gently relieving pain, actual reduction

of the inflamed hemorrhoids took place.

The secret is Preparation H®. There's no other formula like it! Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

## Dr. Jamrich's Ordeal

When he came to Northern Michigan University as its seventh president last July, Dr. John X. Jamrich said he hoped to promote harmony within the university. He stepped into the president's office following the most turbulent year in the university's history and he obviously was concerned about maintaining stability of administration.

In order to accomplish this, Dr. Jamrich set up three task forces covering what he regarded as the major areas of university operations. One task force was to deal with student rights and responsibilities. Another was to study academic governance. And the third was to consider the problem of the future of the university. Each task force was to establish committees to hold open hearings at which faculty members and students would have an opportunity to express their views in a thoroughly democratic manner. Reports of the first two task forces were to be due early next year and the report of the third task force next June.

Before the deadline for these reports fell due, however, Dr. Jamrich encountered some situations calling for difficult decisions. The most dramatic of these situations occurred when a group of demonstrators protested the racial climate at the university by staging a "sit-in" on the fieldhouse court to prevent a basketball game from being played. The demonstrators prevailed and the game was canceled.

There were those who believed that the administration should have taken stern measures to suppress the demonstration and assert the authority of the administration. Dr. Jamrich elected to respond in a different fashion. Recognizing the potentially explosive nature of the confrontation, he chose to allow the black militants to make their point. For this he has been criticized — and even harassed — by some segments of the community.

But — and this is important — he did not yield to demands for immediate redress of the alleged grievances, leaving the door open instead to negotiation. Had he done otherwise he might well have inflicted serious damage upon student-administration relationships. Under the most trying of circumstances, he exercised the sound judgment that is the first requisite of an able administrator. For this, Dr. Jamrich deserves the solid support of the university and the community.

And this was only one of a series of tough decisions Dr. Jamrich has had to make since last July. The others are not so evident to the community at large but they have been basic to the reputation and continued progress of the university.

In his few months as president of the university, Dr. Jamrich has proved himself to be not only a fine administrator and academic technician but an excellent educator. From his beginning by seeking the opinion of others — faculty, students and townspeople — he has progressed to a position of respect among his colleagues, students and fellow citizens. He has emphasized proper procedure and fair play.

The University and the community have now had a chance to measure him, and he emerges from appraisal as a citizen of first rank, both personally and professionally.

It is no wonder that the Northern Michigan Faculty Senate gave him exceptionally high marks last week when he unanimously endorsed his judgment in the basketball game crisis and stated in a resolution that he has "established himself as a man of intelligence, industry, forthrightness and good will — one sincerely devoted to the best interests of every segment of the Northern community. He has succeeded remarkably in helping to heal deep-seated wounds and hostilities in many quarters and to give real educational purpose and direction. The Faculty Senate strongly disapproves of the unfair criticism and harassment" of Dr. Jamrich.

And so do all others of good will.

## Labels

The word "Negro" is nothing more than a term for a certain set of highly variable physical characteristics. As such, it has always been an acceptable name for people possessing those characteristics, although it tells nothing at all about what kind of person an individual may be, any more than does the word "Scandinavian."

But because "Negro" also carries unfavorable connotations, because too many people believe that to identify a man as a Negro is to say the most important thing that needs to be known about him and is to assign him to his proper role in society, many Negroes today are vehemently rejecting this "white man's label."

At a recent interracial meeting a black power spokesman announced that he would acknowledge no questions directed to him as a "Negro."

In place of this label Negroes are choosing other labels in an attempt to tell the world that they are a people that is proud of itself and of its ancestry.

"Colored," once considered genteel, is dismissed out of hand. "Black," once almost an insulting term and as such an exaggeration as "white," is the current favorite. Another is "Afro-American," even though it could be claimed just as legitimately by a white immigrant from Rhodesia.

Negro, colored, black, Afro-Americans have the perfect right, of course, to call themselves by any name they choose — though they do not have the right to demand, as some of them are demanding, that every person of Negroid descent must adopt the label they have decided on. And they reveal themselves to be suffering just as much from labelitis as anyone else when they refer to non-Negro, colored, black, Afro-Americans as "honkies."

We have had enough of divisive label-trading. The time has come to start emphasizing unifying labels like "human being," "American," "fellow citizen" — labels that bring together and include instead of labels that draw circles and say, "Keep out."

## Music Hath Charms

## U.P. Had No Stations On Underground Railroad

DETROIT—The most exciting travel system ever devised in Michigan was actually a co-operative, non-violent freedom movement: the underground railroad.

It operated successfully for a quarter century despite hazards to passengers and crews unknown on expressways and jet routes of today, points out Dr. Sidney Glazer, Wayne State University historian, who is author of "Michigan: From Primitive Wilderness to Industrial Commonwealth" (Prentice-Hall, 1948).

Manned by 200 or more men and women of Michigan, this slow but breath-taking travel system involved black citizens as well as white, with Michigan's native Indians occasionally giving help. At the underground terminus in Ontario, Canadian citizens of all races received and helped the passengers.

Along the escape routes through the State, which ran from the Indiana and Ohio borders to Canada, the travel was by horse and wagon. Usually the movement was by night, with the passengers concealed, often under loads of hay or other produce.

Main Line  
Excitement lay in two kinds of danger: recapture for the slaves, who were the passengers, and prosecution of the operators.

## Stargazer Snaps Invisible Stars

WASHINGTON (AP) — A telescope-bearing spacecraft that can see stars men can't snapped the first picture today in its mission to map the heavens.

The first shot was taken at 2:49 a.m. EST by one of four telescopes that should be taking 700 pictures a day by Christmas, the National Aeronautics and Space Administration said.

The ultraviolet pictures from space detect stars that cannot be seen by man and cannot be photographed even with ultraviolet light from earth because of the atmosphere, a NASA spokesman said.

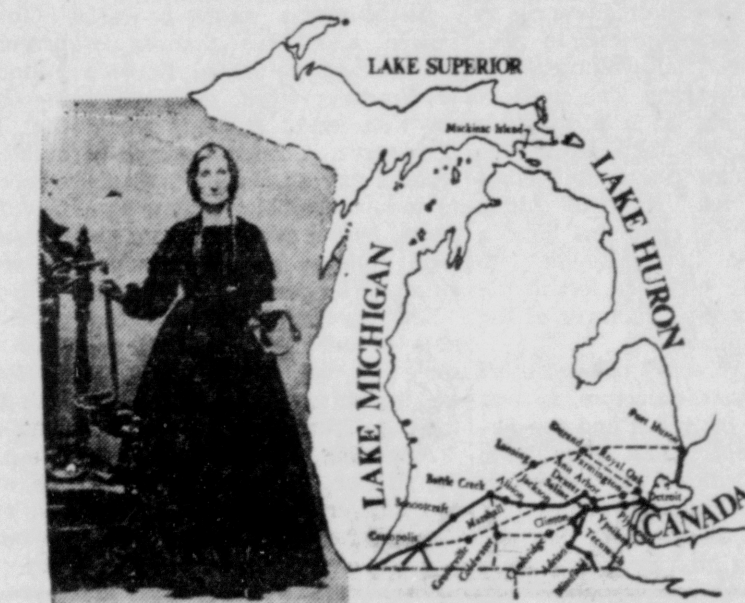

The telescopes are in Orbiting Astronomical Observatory II, whose primary mission is to take ultraviolet pictures of hot young stars to learn how the universe forms.

## Arlington Must Bury Communist

WASHINGTON (AP) — The U.S. Court of Appeals ruled Friday that the Army cannot exclude a convicted Communist from burial in Arlington National Cemetery if he is eligible otherwise.

The ruling was made in the case of Robert G. Thompson, who won the Distinguished Service Cross in New Guinea during World War I. He was convicted in New York in 1949, along with 10 other top U.S. Communists, of conspiring to overthrow the government by force and violence.

After he died in New York in October 1965 his widow sought to have his ashes buried at Arlington. The secretary of the Army turned her down on the basis of a regulation providing that a veteran sentenced to prison for five years or more does not qualify for burial in a national cemetery.

MICHIGAN'S trackless railway followed main routes shown by the heavy black lines. Less-traveled routes are dotted. "Aunt Laura" Haviland, famous railroad operator, is shown in her Quaker dress.

devoted citizens who were the operators.

One of the railroad's main lines passed through Cassopolis in Cass County and connected such thriving communities as Schoolcraft, Battle Creek, Marshall, Albion, Jackson, Grass Lake, Dexter, Ann Arbor, Ypsilanti, and continued to Detroit via Farmington or Plymouth. The river crossing could then be made to Canada. The other main line in Michigan ran from Toledo through Blissfield, Adrian, Tecumseh, Clinton, Saline, and Ypsilanti, to Detroit and thence to Canada.

Two of the most daring men operating the railroad were Erastus Hussey, the Battle Creek abolitionist editor, and Zachariah Shugart of Cass County, both Quakers. The best known woman operator was Laura Smith Haviland, of Adrian. Also a Quaker, she was a co-founder of the State's first antislavery society.

15 Miles Apart  
Stations were spaced about 15 miles apart, the distance a horse and wagon could go and return in one night. At each station were food and provisions for daytime concealment, usually secret compartments in the house or barn of the station operator.

The Upper Peninsula had no underground routes as such, says Dr. Glazer, but was involved in incidental slave-freeing, the most famous of which was that of Jean Bonga, a slave belonging to Capt. Daniel Robertson, commander at Mackinac Island, who died in 1787.

Upon Robertson's death, under terms of the will, Bonga was freed. He married an Indian girl, apparently in 1794 and their descendants have

## POWs To Receive Christmas Gifts

By The Associated Press  
Hanoi, departing from past practice, will permit captured American pilots to receive postcards and Christmas gifts — nonperishable and not exceeding 6.6 pounds, the State Department says. It says no explanation was given why the privilege is limited to pilots.

President Johnson says peace headed the list of goals his administration hoped to achieve in the past five years. He said at a White House ceremony the other problems facing America can be summed up in simple words: jobs, food, schools, health and conservation.

| Opening lead—♠ 4      |             |  |  |

Jim: "Your choice of George Rapee of New York, Sidney Lazard of New Orleans, Billy Eisenberg and Bob Goldman of Dallas and Bob Hamman and Eddy Kantar of Los Angeles as the 1969 United States International Team gave us a cross-section of the country as well as a fine group."

Oswald: "These men made my problem of selection an easy one by running away with the trials and finishing 1, 2 and 3 by such a wide margin that I would have had to select them even if I had not been delighted with their performance and general qualities. Naturally I would have been very happy to have you on the team but, as we agreed in advance, my dual position as captain and father meant that you would have to finish in the top three to be chosen. There is nothing wrong with your seventh-place finish. You beat out nine of the best pairs in North America but six other pairs beat you."

Jim: "I'll be back in contention again next year and do better."

Oswald: "Sidney Lazard's no-trump opening was a minimum, maybe a sub-minimum. George Rapee's two-club response asked for a four-card major and Sidney found himself in a heart game. East won the club lead with the ace and returned the 10. Sidney, not happy, had to try to make the hand. He took his king of clubs and led the jack of diamonds. West's king lost to dummy's ace and Sidney discarded his jack of clubs on a good diamond. Now it was just a matter of careful play to make the game. He led a spade and put in his jack. West took his queen and played the queen of clubs. Sidney ruffed, cashed the spade ace, ruffed a spade low, ruffed dummy's last diamond, ruffed his last spade and eventually lost a trick to the king of trumps."

Jim: "Just a nice, workman-like job and that's the way to win at bridge."

## Questions And Answers

Q—Who was the first and only president of the United States to become Chief Justice?

A—William Howard Taft, appointed by President Warren Harding.

Q—What use, other than food, did the Egyptians make of honey?

A—They are believed to have used honey in embalming.

## Ann Landers

## Husband Killed: His Parents Want Son

Dear Ann Landers: My husband was killed in Vietnam two months ago. I have a two-year-old son and a seven-month-old daughter. The girl has never seen her daddy. Little Chris is a dear, loving lad who is the image of his father.

The problem is with my in-laws. My husband was their only son and they are understandably shattered over his death. The day after the funeral my mother-in-law embarked on a campaign to get little Chris away from me. She and her husband are in their early 50's, in good health and financially well set.

They tell me I cannot raise a boy without a father, that he needs the influence of a male if he is to be normal. They insist I owe it to little Chris as well as to my husband's memory to give this child to them. They say I have the daughter to appease my loneliness and they no one.

Please, Ann, tell me what to do. — DROWNING IN TEARS

Dear Tears: I feel sorry for your in-laws but what they are asking is unreasonable and unjust. Discuss this problem with a clergyman and suggest that your in-laws do the same. They need to fill the void in their life and perhaps taking a foster child or two might be the answer.

Dear Ann Landers: I just read the letter from the Cleveland woman who did everything under the sun to lose weight but found nothing that worked until she tried the pills suggested by a friend. Her problem: The druggist insisted on taking her in the back room twice a week to feel her muscle tone.

Please, Ann, give me that lady's address. When I read that she had lost 15 pounds and felt like a million dollars, I turned green with envy. I've tried dozens of diets. After I take off five pounds I go hog wild, eat everything in sight and gain back eight.

Also, will you give me the name of the druggist? I think it is wonderful that he takes such an interest in his customers. I would like to buy my pills from him. Thank you. — TOO MUCH ME

Dear Too Much: So sorry, but

I never reveal the identity of those who write to me. At least 200 gals have asked for that woman's name and address. You, however, are the first to ask for the name of the druggist.

Dear Ann Landers: My sister-in-law did not graduate from high school and is sensitive about it. To compensate, she uses six syllable words — invariably in the wrong way.

Since the heart transplants she has become a self-styled authority on medicine and has been diagnosing all over the place. Yesterday she told me my son should be isolated because he has conjunctivitis. I learned today our laundress has vitiligo. And I, would you believe, have a sebaceous cyst on my cheek, which I thought was only a pimple. Is there a cure? For HER, I mean? — O. CITY

Dear O: Your sister-in-law sounds like a cervicodynia — medical term for pain in the neck, and there is no known cure for these types. Relief can be obtained, however, by reducing contact with the irritant.

Alcohol is no shortcut to social success. If you think you have to drink to be accepted by your friends, get the facts. Read "Booze and You — For Teen-Agers Only," by Ann Landers. Send 35 cents in coin and a long, self-addressed, stamped envelope with your request.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper, enclosing a self-addressed, stamped envelope.

© Publishers-Hall Syndicate

## Car Mechanics

LANSING (AP) — Rep. Alex Plich, D-Dearborn, will introduce a bill in the coming legislative session to license auto mechanics. Plich revealed this in a letter to Sen. Philip Hart, D-Mich., asking for help in preparing the proposed legislation.

Bobwhite quail roost in compact circles with their heads out and tails toward the center. Alarmed, all members of the covey can fly straight off without colliding.

SO THE LOUD-SPEAKERS PLAY TO THE EMPTY END OF THE ROOM, AND WHERE ARE THE KIDS CLUSTERED?

THANKS AND HITS OFF TO AL ZEMECK (9130 99TH PL. S.E. RENTON, WASH.)

## Michigan College Gets Ocean Tug

PHILADELPHIA (AP)—The Navy decommissioned the U.S. Allegheny today but it was quickly and formally given to Northwestern Michigan College for use in a new Great Lakes maritime training course.

### City Manager Quits Under Fire

BERKLEY (AP) — Criticism by the City Council over his pay policies has resulted in the resignation of city manager Howard Crenshaw, which he said is effective today.

He is the Detroit suburb's sixth city manager in eight years to resign or be dismissed.

Crenshaw was under criticism last week by the Council, primarily over pay policies. Councilman James Brennan charged that Crenshaw's policies on some pay raises had worsened relations between the city and its workers.

Catalyst for the criticism was the so-called "pink flu" which "afflicted" Berkley's city hall employees Nov. 22. Nine of 10 clerical workers failed to show up for work when they learned that Municipal Court office workers had received a larger pay raise.

The 143-foot vessel, built as an ocean-going tug but used in recent years for oceanographic research, will remain at the Philadelphia naval base until March, when it will make the 3,000-mile trip to Traverse City.

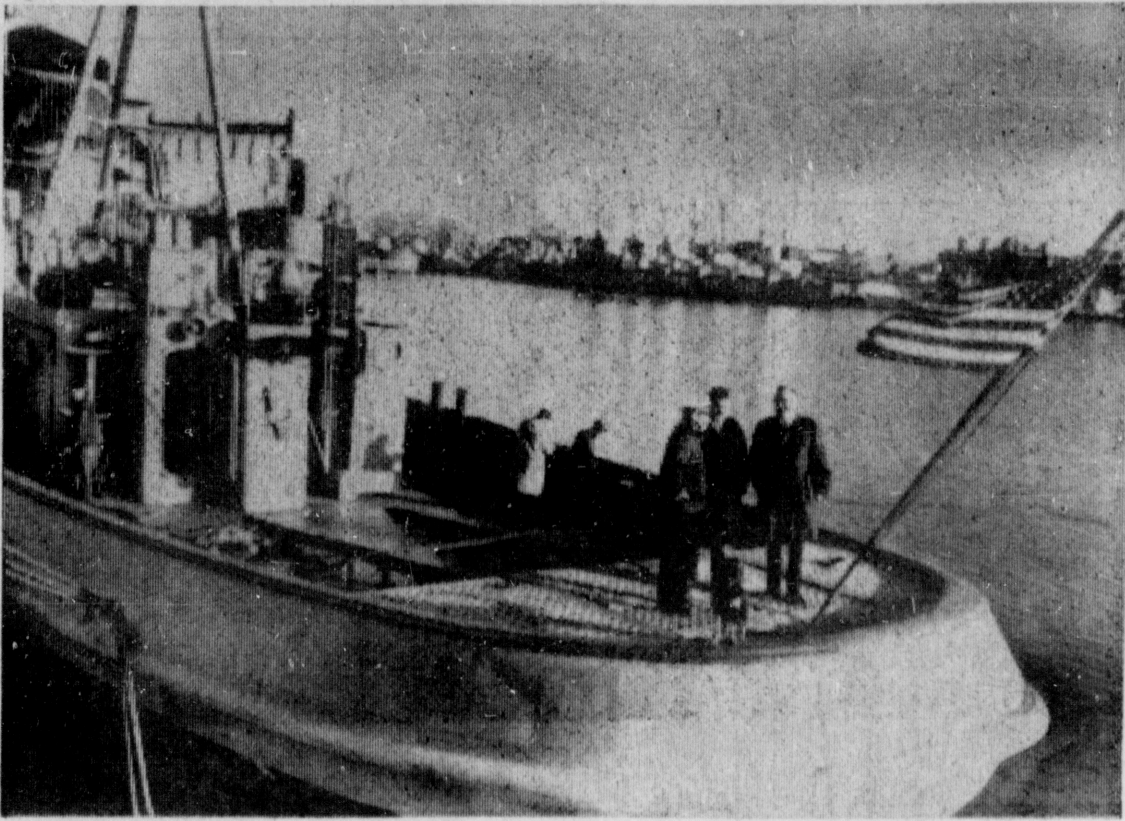

Les Biederman, chairman of the college's board of trustees, said the acquisition is "a real feather in our hat," and will permit Northwestern Michigan to build a Great Lakes Maritime Academy which had been first suggested in 1957.

The brief commissioning ceremony on the deck of the 24-year-old vessel had a few moments of emotion.

Lt. Joseph Kennedy of Virginia Beach, Va., its commander for 26 months said, "She's a good ship and we sailed many thousands of miles. She has known good people, and she has done good work in two wars, and she's going to know a lot more good people."

Capt. Walter Chadwick, speaking on behalf of the Atlantic Fleet to which the Allegheny had been assigned, said "its future is heartening. It will be welcomed by people interested in the life of a ship, and we trust the new owners will get as good use from her as the Navy has."

Biederman, whose long struggle to create a Great Lakes maritime facility at his college was near fruition, promised that Northwestern Michigan "will give her a good ride. And we won't change the name from Allegheny because of the thousands of men who served on her."

THE USS ALLEGHENY, an ocean-going tug, moored at dockside in Philadelphia's Navy Yard, with part of the Navy's mothball fleet in the background, was decommissioned Friday and turned over to Northwestern Michigan College for use as a "floating school." Standing at the stern are, from left: Lt. Joseph Kennedy, present captain of the tug; Capt. Michael Hemmick, of Muskegon, Mich., who will assume command, and Les Biederman, Michigan radio chain owner, who has been the mainspring in acquisition of the craft. (AP Wire-photo)

## Ag Department Revises School Lunch Program

WASHINGTON (AP) — The Agriculture Department announced today revised school lunch program payments designed to provide more free or reduced price lunches for an estimated one million children from poorer families.

Congress this year authorized use of \$43 million for the purpose. With the new funds, the federal government is able to give states a higher rate of reimbursement for meals served. Also more schools will be able to take part in the lunch program. Schools in designated needy areas have the option of selecting one of two reimbursed rate schedules. The first option will permit schools to receive up to 25 cents additional for each free or reduced price lunch over and above the present maximum rate of 9 cents per lunch served. Under the second option, schools may receive up to 20 cents for all the lunches served. This is 5 cents per lunch more than has been available. Reimbursement rates for all other schools, not designated as "specially needy," remains unchanged at 9 cents per lunch depending on availability of funds in each state and on the need of the individual school.

### Purse 'N Milk

FARMINGTON, Conn. (AP) — A Farmington housewife found a surprise in her milkbox last week. Tucked alongside the milk was a purse she had lost when it fell out of her car. A note attached explained that a Lincoln Dairy deliveryman Parker Kendell, making his rounds in Hartford early in the morning found the purse and turned it in at the dairy office. There an employee noticed the owner was a customer.

### New Republic Founder Dies

TOTNES, England (AP) — Dorothy Whitney Straight Elm-hirst, 81, a founder of The New Republic magazine and various educational projects, died Saturday at Dartington Hall in Devon.

The daughter of William C. Whitney, American financier and President Grover Cleveland's secretary of the Navy, Mrs. Elm-hirst spent her life campaigning for social and educational "adventure through unity, not uniformity."

The death of her father in 1904 left the beautiful, young Miss Whitney wealthy and she became a leading figure in New York society. But she also led marches for women's suffrage, campaigned for community homes for working girls, was elected president of the New York Junior League and later the first president of the National Junior Leagues, supported countless charities and organized the feeding of 3.5 million starving European children after World War I.

### Car Slams Into House, 2 Killed

LIVONIA (AP) — A man and his wife were killed today when an automobile tore into a bedroom where they were sleeping in this Detroit suburb.

They were Charles Raymond Oja, 35, and his wife, Jacqueline Ann, 29.

Both were in bed when a Cadillac went out of control on Five Mile Road and swerved into a corner of their home, plowing its way into the bedroom at 12:12 a.m.

The driver, Neal Gardiner, 35, of Livonia, was seriously injured and hospitalized. Police have been unable to question him.

Sgt. Ron Butcher of Livonia Police said Five Mile Road was clear of ice or snow at the time.

### Russians Missed Space Chance

SANTA MONICA, Calif. (AP) — Astronaut Walter R. Cunningham says the Russians apparently missed any chance to beat the United States in sending a manned spacecraft around the moon.

The three-day Apollo 8 flight is to begin Dec. 21. "The opportunity time this month" for Soviet scientists to send up their own craft is now passed, Cunningham said Thursday while visiting schools he attended in his hometown. "We've finally beaten them," he added.

Cunningham, Air Force Maj. Donn F. Eisele and Navy Capt. Walter M. Schirra orbited the earth for 11 days in Apollo 7 last month as a prelude to the Apollo 8 moon orbit.

### Gas Main Blast Kills 4 In Family

KALAMAZOO (AP)—A mother and her three children perished Sunday in a fiery explosion which blew their home apart on Kalamazoo's South Side.

A broken gas main beneath the driveway of the home next door was blamed by authorities for the blast.

Victims were Mrs. Lillian McGhee, a 31-year-old divorcee; her son, Steven William, 3; and daughters, Mazie Drucilla, 12, and Elizabeth Ann 10. The father of the children, Willie James McGhee, lives in Detroit.

The mother's body was found in the living room of their one-story, four-room prefabricated home. The two daughters were in a bedroom and the boy in a doorway to the girls' room.

A neighbor, Mrs. Irwin McElwain, said she witnessed the 7:45 a.m. explosion which tore a wall off the home and belched great sheets of flame. She summoned firemen and rushed to the scene.

Firemen said they smelled gas in the area and evacuated three other families from the neighborhood, but they later were permitted to return to their homes.

Arthur Lee, Kalamazoo division manager for Consumers Power Co., said investigation disclosed "a broken coupling in a two-inch, steel gas main about 15 feet east of the house where the explosion took place."

Lee placed the break under a driveway and said it had been repaired and no further gas leaks found in the area.

The home next door was damaged by fire and a side of the McGhee home fell on an automobile in the driveway between them.

### Tech Appoints Fund Board Men

HOUGHTON—Five business and industrial leaders have been appointed trustees of Michigan Tech's Development Fund Board. They are Harry R. Cohodas and James A. Ruppe, both of Houghton, Clyde E. Weed of New York City, Stanley V. Weed of Lansing, and Karl V. Lindell of Danville, Quebec, Canada.

Cohodas is treasurer of the Cohodas-Paoli Co. Inc., Houghton; vice president of Cohodas Brothers Co., Ishpeming; president of the Superior National Bank, Hancock.

Ruppe is chairman of the board of the 1st National Bank of Calumet and Lake Linden, chairman of the board of the Commercial National Bank at L'Anse, executive vice president of the Woodlak Co., Houghton.

Clyde Weed is retired chairman of the board of the Anacanda Co., New York. Stanley Weed is retired general manager of Jarvis Engineering Works and Jarvis Erection Co., and Lindell is chairman of the board of Canadian Johns-Manville, Ltd., Asbestos, Quebec.

Robert Frost wrote poetry from boyhood but his first book, "A Boy's Will," was not published until he was 38, living in England.

## Santa and the Hippies

By LUCRECE BEALE

Synopsis: The hippies give Ding Dong their favorite possessions. He goes to the Butterfly Queen who says if he can get three colored threads from three fearful witches Heseckiah's spell might be broken.

CHAPTER 12  
THE BLACK WITCH

THE Butterfly Queen told Ding Dong that the Black Witch lived in a black castle in a black canyon. Once every three years she spun one inch of coal black thread. This was one of the threads needed to break the spell on Santa Land.

Ding Dong took his bag of gifts from the hippies and went off alone in Santa's little plane. It could fly anywhere in the world with just the flick of a button. He landed in the black canyon but when he tried to enter the castle the guard told him to go away quickly if he cared to save his life.

The guard said the Black Witch had ordered everyone in the castle to paint her portrait but, as yet, not a single portrait had pleased her. In each case she ordered the poor artist to be hung by his heels until a proper portrait should be done.

By now there were 136 artists hanging by their heels in the courtyard and everyone in the castle lived in terror that he would be the next to hang there.

Ding Dong was frightened but said he must see the Black Witch anyway. The guard shook his head sadly and let him into the castle. When he entered the great hall he heard a deafening hullabaloo. Peeping through a door he saw a fearful sight.

The Black Witch was striding about the room kicking over chairs, smashing mirrors and throwing candlesticks through the windows. Meanwhile the latest unlucky artist hovered in a corner with his hands over his face to block a teacup or bookend the outraged Witch threw at him from time to time.

Suddenly the Witch saw Ding Dong at the door. She dragged him into the room, shouting, "What do you think of an artist insulting me this way?"

Ding Dong stared at the offending picture. He thought it a very flattering portrait because it did not show the wart on the tip of the Black Witch's nose or the fearful black rings around her eyes.

But when the Witch demanded to know if it wasn't a terrible portrait Ding Dong could only nod. He was too frightened to speak.

"There! I told you so!" screeched the Witch and she ordered the artist to be dragged away and hung by his heels. Then the Witch said to the dumbfounded Ding Dong, "You shall be the next to paint my portrait. And, remember, if it is as ugly as the rest, you too, will hang in the courtyard."

Servants brought easel and brushes and canvas and fine paints, while the Black Witch posed. Ding Dong stood there with shaking knees. He had no idea how even to begin.

Suddenly he remembered the hippies' finger paints in his bag. He opened the jars and dipped in his hands and began to smear paint all over the wall. In five minutes the wall was covered from floor to ceiling with splashes of crimson, dabs of blue, streaks of green, blobs of gold with a handprint of purple scattered here and there.

When the pots were empty Ding Dong sighed and hung his head.

The astonished Black Witch stared at what he had done. She quivered and shook and sucked in her breath and finally she cried. "It's beautiful! It's gorgeous! It's really, really me!"

She ordered all the artists hanging by their heels to be taken down and she asked Ding Dong how she could pay him for what he'd done. When Ding Dong said he'd like a piece of the black thread she wove the Black Witch gave him all 12 feet of it saying, "It's little enough I can do. For you alone have seen the beauty that is me!"

Tomorrow: The Red Witch

A DANCE TROUPE from West Africa's Republic of Mali, Les Dansours Africains, arrives in snowy, 20-degree Kalamazoo for a performance at Western Michigan University. The 40-member cast, completing a 100 city national tour this month, said it is eager to return home where it is, "calm, quiet and warm." (AP Wirephoto)

## St. Anne's Students To Present Cantata

On Tuesday evening at 8 St. Anne School students of grades five, six, seven and eight will present a Cantata with narration and tableau entitled, "What Does Christmas Mean to You?" for the members of the Home and School Association. Selections by the girls' chorus will include "The Star Carol", "Pablo the Reindeer", and "Do You Hear What I Hear". The Cantata will be featured in, "C-H-R-I-S-T-M-A-S", and "We Three Kings", and the triple trio will offer, "O Sing Noel".

The audience will be invited to join the group in responding to the Gospel message, and in the singing of familiar carols as the students form a tableau. The program will be climaxed with a narration of how Christ is born today and the singing of "The Birthday of a King".

## Delta Bridge League Session Held Saturday

Delta Duplicate Bridge League met Saturday at the Stone House for a buffet dinner followed by bridge play. The well attended session included many new competitors.

Annette Katarinicic and Alice Polomors, in their first session with the league tied Mr. and Mrs. Al Taylor for top honors.

Other persons scoring 50 percent or better were: Gladys Pearson and Nancy Pearson; Cal Douck, Jean Bonfield; Terry Swank, Clarence Kaltenbach; Mr. and Mrs. James Drenning; Mr. and Mrs. Ron Timler; Fran Boyle and John Connelly; Mr. and Mrs. Leo Alperovitz; Mr. and Mrs. John Sankovitch and Mr. and Mrs. Bud Pearson.

The next session will be held Jan. 4 at the Elks Club with registration at 7:30 p.m.

## Buckeye PTA Sets Program

GLADSTONE—The Buckeye PTA of Gladstone will hold its Christmas program at 8 p.m. Tuesday at the school.

Lorraine Kreig, music teacher, and Kenneth Benson's fifth and sixth grade class will present the program. The public is invited. Lunch will be served.

## Rock

The Coffee Shop in Rock has closed its doors after being operated for 20 years by Mrs. Maini Halmesoja. It is now for sale. Mrs. Halmesoja left Sunday to join her husband and son Jim who are employed in Harvard, Ill.

## Skating Rink

Elmer Lepisto has cleaned the snow off the community ice rink in Rock and weather permitting, the rink will be in operation by Christmas holidays.

Joseph Fritz, 84, died Nov. 30 at the Columbus Hospital in Chicago. He is the father of Mrs. Vernon Earle and has spent some time in Rock.

Mrs. Osmo Aalto was taken to St. Luke's Hospital in Marquette Friday evening with the Rock Community ambulance.

## In Florida

Mr. and Mrs. John Berg, Mr. and Mrs. John Toyra and Mr. and Mrs. Tom Louman are some of the Rock residents who have gone to Lake Worth, Fla. to spend the winter months.

Mr. and Mrs. Reino Lahti have returned home after spending two months in Detroit.

# Women's Activities

MR. AND MRS. Francis Donovan of 600 S. 19th St. announce the engagement of their daughter, Judy Ann, to Dale Joseph DesJardin, son of Mr. and Mrs. Stafford DesJardin of Bark River. The bride is a senior at Escanaba Area High School and is presently employed at the Old Town Restaurant. Her fiancé is presently serving with the U. S. Army. No date has been set for the wedding. (Lee's Studio)

## Rock 4-H Club Holiday Party Held Wednesday

The Rock 4-H Club held a brief business meeting prior to its Christmas party at the Lions clubhouse Wednesday evening, Dec. 11. Christine Mankiewicz and Carolyn Kulack volunteered to be on the committee to initiate the new members at the Jan. 8 meeting.

Home Design report of older members showed members have been meeting to make a completely furnished bedroom or living room. Mrs. John Larson attended one meeting to help with color schemes. Mrs. Albert Weidum has also been working with the group. The next project meeting will be Jan. 6 in the home ec room in the school.

Mrs. Weidum has been meeting with all members for making gifts for Christmas.

Susie Koski told of her experience while attending the "Make - It - Yourself - With - Wool" contest held at Northern Michigan University, Marquette, Nov. 23. Joanne Niemela placed fifth and Susie came in 10th. There were 22 contestants in the junior division.

After the meeting, games were played, and instead of exchanging gifts, members enjoyed breaking the two pinatas that were suspended from the ceiling and scrambling for the goodies.

Mark Wilcox, lunch chairman, was assisted by Greg and Bill Brunette. Cheryl Wilcox is a new club member.

## Pine Ridge 4-H Club Party Held

The Pine Ridge Sewers A-Go-Go 4-H Club held their Christmas party Saturday evening at the home of Carlton Johnson. An evening of caroling, games and exchange of gifts was enjoyed by all.

Club members and children of the Pine Ridge School recently presented a pageant at the school which portrayed the birth of Christ. The chorus was directed by Linda Fudala with Peggy Johnson, narrator.

## Sacred Heart Guild Holds Holiday Party

ROCK — The Sacred Heart Guild of Rock held its Christmas party at the Rock Lions clubhouse Tuesday evening, Dec. 10.

The Rev. Fr. Edward Malloy was a special guest and other guests were the Rev. Conrad Suda and ladies of the St. Anne's Guild of Perkins.

During the evening, a potluck supper was served, gifts exchanged, carols sung, and games were played. Martina Sinnavee and Lorraine Kulack were awarded prizes.

Centerpieces decorating the lunch tables and the clubhouse were in the Christmas motif and a Christmas tree was set up at one end of the clubhouse. On the decorating committee were the Mesdames Edith Weingartner, Lorraine Kulack, Josie Carlson and Dolly Larson.

## Events

### Christmas Party

The Wait Watchers TOPS Club will hold their annual Christmas party Wednesday at 7 p.m. at the Dells Supper Club. A weigh-in will be held at the Joyce Olson home until 5:30 p.m. Members are also to bring toys for needy children of the Escanaba area.

### TOPS Club

Silhouettes TOPS Club will meet tonight in room 260 of the Junior High School. Weigh-in will be at 7 followed by the business meeting.

### Auxiliary Meet

The Auxiliary to the Canton Hiawatha will meet Wednesday at the home of Mrs. Victor Peterson, 1118 Washington Ave. A potluck luncheon will be served at 12:30 p.m. followed by a business meeting, with installation of new officers. A social hour will conclude the afternoon.

## Church Events

### Immanuel Lutheran

Tuesday, Dec. 17, 7 p.m.—ILCW Bible Study leaders; 8 p.m.—Worship and Evangelism committee.

### Salem Ev. Lutheran

Wednesday, Dec. 18, 2 p.m.—Ladies Aid will meet in the church parlors. Hostesses for the afternoon will be Mrs. Adolph Johnson and Mrs. Martha Scheibner.

### Central United Methodist

Tuesday, Dec. 17, 6:45 a.m.—Men's breakfast fellowship; 2 p.m.—Rebecca Circle.

### First United Methodist

Tuesday, Dec. 17, 6:45 a.m.—Men's breakfast fellowship at the Sherman Hotel.

## Births

McGLYNN — Mr. and Mrs. William McGlynn of Battle Creek are the parents of a son, their first child, born today, Dec. 16. The infant weighed 7 pounds 13½ ounces at birth and has been named Sean. The mother is the former Sharon Williams, daughter of Mr. and Mrs. Marvin Williams, 101 S. 5th St. The father is the son of the late Mr. and Mrs. William McGlynn of Manistique.

THOUNE — Mr. and Mrs. Harold Thoun of Spalding are the parents of a son, David Arthur, born at 11:31 p.m. on Dec. 13. The infant weighed 9 pounds and 2 ounces at birth. The mother is the former Eleanor Bergstrom.

WHYBREW — A daughter, Kristine Lynn, weighing 6 pounds, was born to Mr. and Mrs. John Whybrew of Rapid River at 8:34 a.m. on Dec. 13. Mrs. Whybrew was Victoria Michieu.

## Wilson

### Dinner Party

Eighteen ladies of the Wilson Home Study Club attended the annual Christmas dinner party held in the Sunset Room of the Four Corners Tavern. Mrs. Ed Betters was a guest.

The entertainment committee comprised of Mrs. Ray Peterson, Mrs. Kenneth Benson and Mrs. Lester Smka arranged a number of games and prizes were awarded to Mrs. Arthur Coriveau, Mrs. Oscar Kell, Mrs. Irene Fazer, Mrs. Norman Kell and Mrs. Leah Bagley. There was also an exchange of gifts. Poinsettias decorated the tables and other decor was in the Christmas motif.

# Stark To Select New Magistrate

Newly-elected District Judge Charles Stark of Munising is expected to seek Board of Supervisor approval of his selection of a Magistrate and clerk for Schoolcraft County when the Board meets Tuesday at 7 p.m. in the Court House.

Stark has not revealed his selection for the new Magistrate or clerk who will function under the new District

# Germfask Man Struck By Car

Larry D. Lockwood, 34, of Germfask was admitted to the Schoolcraft Memorial Hospital Saturday morning after being struck by an auto in Germfask at 1:55 a.m., Michigan State Police said.

Lockwood was struck by an auto driven by Robert John Benagh, 59, Mackinaw City, who told troopers Lockwood walked directly into the path of his vehicle. The mishap occurred on M-77 and is still under investigation by state police. Lockwood did not sustain serious injuries.

Public Safety officers investigated an accident at 12:35 Saturday morning on River St. when an auto struck a light pole. Driver of the car was Mrs. Patricia Ann Mickelson, 422 Riverdale, Manistique, who was admitted to the hospital with facial cuts and bruises. Mrs. Mickelson told officers her car skidded on the icy road. The Mickelson vehicle was damaged in the front and the mishap is under investigation by Public Safety officers.

# Forresters Host Essay Winners

Three student essay winners in a contest sponsored by the Forresters were special guests of the chapter when they held their Christmas dinner-meeting last week in the St. Francis de Sales Parish Center.

Eighth grade winner Mary Bertrand read her winning essay "Crime." Noreen Weber, seventh grade winner read her entry "An Olympic Winner," and Kim Swanson, sixth grade finalist, presented her entry, "Snowmobiling in the Upper Peninsula."

Each girl received \$5.00 for placing first in their grade division. They are the daughters of Mr. and Mrs. Darryl Bertrand, 702 Oak St.; Mr. and Mrs. Robert Weber, 324 Maple St.; and Mr. and Mrs. William Swanson, 110 Pearl St.

# Surprise Visit

Sister Colleen led the group in singing Christmas carols following the dinner with Mrs. Roy LaMarche providing the piano accompaniment. Santa Claus paid a surprise visit and was assisted by newly-initiated adult members Ann Marie Weber and Jill Roemer in distributing gifts.

# Card Marathon

Following the dinner and program attendance premiums were presented Mrs. William Norton, Mrs. Fred Lesica and Mrs. Elsie Paquette. Cards were going to Mrs. LaMarche, Mrs. William Pistulka and Mrs. Justin Nelson.

Mrs. Lawrence Savoie announced that the 1969 Card Marathon schedules are being compiled and there are still a few openings for anyone wishing to play bridge or five hundred.

# AP Manager Is Award Recipient

TUCSON, Ariz. (AP) — Wes Gallagher, general manager of The Associated Press, Sunday was named 1968 winner of the John Peter Zenger Freedom of the Press Award by the University of Arizona.

Gallagher is the 15th recipient of the award.

The announcement was made by Dr. Richard A. Harvill, president of the University of Arizona.

The award is presented annually for "distinguished service to freedom of the press and the people's right to know." It was established in 1954 by the late Douglas D. Martin, then head of the University of Arizona Journalism Department.

The award is named in honor of the colonial printer who in 1735 was acquitted of libel charges—the first major victory leading toward establishment of freedom of the press in America.

# Jaycees Plan Lighting Contest

The Manistique Jaycees will again sponsor a residential outdoor Christmas Lighting Contest in Manistique. Three prizes will be awarded with a first prize of \$15, second place award of \$10, and third place, \$5.

Chairman of this year's contest is Father Daniel Zaloga, a Jaycee member, who will choose a judging committee. Sunday night, Dec. 22, has been tentatively set as the night the judging will take place.

# 2,000 Kids Visit Santa Claus

Santa Claus' visit to Manistique on Dec. 7 was very successful, the Santa Claus committee reports, with over 2,000 children visiting the old gentleman to relay their Christmas wishes.

The annual visit, sponsored by business and civic organizations and union chapters, concluded at 3 p.m. at the Lincoln School and Santa and his group left for the Schoolcraft Memorial Hospital, Medical Care Facility and Manistique Manor where he gifted each patient with candy and a remembrance.

Each child who visited Santa was given candy and a coloring book. The coloring books were donated by the Manistique Pulp & Paper Co.

# Briefly Told

State police cited the following motorists on Friday: Carol C. Jarvey, Gladstone, speeding; George A. Kupress, Fennville, speeding; Alfred J. Halsey, 120 N. Houghton, Manistique, speeding; Gary R. Sample, 429 Delta Ave., speeding and defective muffler; Dennis M. Beaudre, 305 N. Cedar, Manistique, failure to stop for stop sign.

Central, Doyle, Fairview and Hiawatha schools hot lunch menu for Tuesday will include ham and scalloped potatoes, buttered diced beets, French cruller, orange juice and beverage.

A memorial book for the late Clifford Barber has been presented to the St. Francis de Sales Parish Library, Sister Marcelyn has announced. The book, presented by friends of the Barber family, is "Pete Cass: Scrambler" by James Terzian. "Pete Cass" is the story of an All-American football player who couldn't break the habit of scrambling.

The Manistique High School Class of 1951 has presented a copy of "Power Boats" by Bill Wallace to the Manistique School and Public Library as a memorial to the late Thomas G. Tyrrell, a class member. Mr. Tyrrell, who died two weeks ago in the west, served four years in the U.S. Navy and was in the Naval Reserve.

Phi Alpha Tau, a fraternity with chapters at Emerson College and Suffolk University, made McCormack an honorary brother Sunday in a service at Emmanuel Church.

The award is presented annually for "distinguished service to freedom of the press and the people's right to know." It was established in 1954 by the late Douglas D. Martin, then head of the University of Arizona Journalism Department.

# Garden Grows Big Acreage Of Navy Beans

Department of Commerce  
Environmental Science Services Administration  
U.S. Weather Bureau  
Office of State Climatologist  
East Lansing, Michigan

THE U. S. WEATHER BUREAU explains in this map why it is possible to raise navy and cranberry beans like those produced in the Lower Peninsula's "Thumb" in the Upper Peninsula's Garden Peninsula. Its lake exposure moderates its climate, making it frost free earlier in the spring than

the rest of the Upper Peninsula and continuing the immunity later into the fall. The lines indicate the latest date a temperature of 28 degrees can be expected to occur in one year out of 10, ranging in the U.P. from June 14 in the highlands of the southwestern U.P. to May 15 on the Garden Peninsula.

## Climate Favors Downstate Crop

Delta County can grow beans. Ray Allen and Garth Briggs and others of Fayette are in the process of proving it.

Allen has grown red kidney and white pea (navy) beans successfully for the last three years. In 1966 he raised 40 acres on a trial basis. These produced enough to convince him to plant about 125 acres in 1967. These produced an average of about 25 bushels per acre.

This year Allen, along with Garth Briggs, Herman Robere, Roy Laux and Robert Watchorn grew a total of about 325 acres of beans. Even though heavy rains hurt yields severely on some fields this year they still yielded from about 10 bushels per acre on the poorer fields to approximately 25 bushels on the best.

With current prices at around \$4.50 per bushel for the navy beans the gross return per acre at these yields could range from \$45 to \$112.50 per acre. The price offered for red kidney beans is around \$7 per bushel. Returns like this in this poor year compare favorably with expected returns from oats, corn and hay in good years.

### Profits Sighted

County Agricultural Agent Joseph Heirman has indicated his belief that beans can be a profitable crop on many Delta County Farms. Experimental plots planted on the Clarence Dittich farm in 1960 demonstrated that the Seaway variety of navy bean could be successfully grown in the Hyde area. These trials yielded about 30 bushels per acre.

Jack Kreiner, of the Soil Conservation Service, a native of the Thumb Area "bean country," reports that beans are a fussy crop. They produce well only on level to gently rolling, well drained, fertile soils (usually sandy loams, silt loams and clay loams).

Although they have a short growing season they can be easily hurt by frosts and so need a climate that is fairly well protected from late spring and early fall frosts. Fairly cool summer days are important during the growing season, especially during the blossoming period, since a hot, dry, scorching wind can "blast" the blossoms, preventing the seed pods from forming.

Beans cannot stand competition from any weeds. A good weed control program must be developed and used. Several diseases and insects can injure or destroy the crop, making it necessary to use good crop rotations and seed from resistant varieties to help prevent losses from these pests. Wet weather during the harvesting period can prevent drying and cause loss due to spoiling in the fields and bins.

### Important To Delta

In spite of all of these hazards, however, Kreiner feels that this crop should have an important place in the plans of farmers in some areas of Delta County and possibly in several areas of the Upper Peninsula. There are areas of well drained fertile soils in Delta that are close enough to Lake Michigan to usually be protected from late spring and early fall frosts. The climatic maps show here the expected frost-free growing season in areas close to Lake Michigan is about equal to that in the big bean producing areas in the Thumb and Saginaw Valley downstate. The moderating effect of Lake Michigan also protects the area from the hot, dry winds that could kill the blossoms.

Although wet weather has been a problem during harvest, little loss has been experienced by Allen and his associates. Apparently cooler weather here helps keep the beans from spoiling.

### Hansen Canning Co.

Under good management on favorable sites Kreiner expects that long time average yields of 20 to 25 bushels per acre could reasonably be expected.

So far beans have been marketed through the Hansen Canning Co. of Gladstone, and the Engadine Elevator Co. Negotiations are also underway with the Wisconsin Canning Co. Bean quality and demand have been good.

Working with crops specialists from Michigan State University and the Michigan Certified Seed Growers Association, Joseph Heirman and the growers in the Fayette area are investigating the possibility of specializing in the production of certified seed of several types of beans including navy, kidney and cranberry beans. Being isolated from other bean growing areas, the problems of disease control and maintaining pure strains could be much simpler in Delta County. Dollar returns could be higher and the hazards of fluctuating mar-

ket prices for the bean crop might be somewhat avoided, suggests Kreiner. However, the level of management and control exercised by the farmers would also have to be higher.

### Encouragement

George Ruby and Bob Benjamin of the Farmer's Home Administration have given valuable encouragement to the Fayette area producers, says Kreiner. FHA loans to producers were arranged to assist in obtaining the necessary land, equipment and supplies to get bean producing operations underway.

All producers are cooperating members of the Delta County Soil Conservation District and have received technical assistance from the Soil Conservation Service on soils interpretations, land use planning and improved drainage. Since good drainage is essential to successful bean production it is expected that more drainage ditches will be installed with SCS assistance. The need for improved drainage may lead to increased use of tile on many lands.

Clarence Dittich, who is chairman of the Delta County Soil Conservation District board, says "In the overall economic development of the Upper Peninsula it is necessary that all our resources be identified, developed and put to their best use. These Fayette farmers are leading the way in their search for crops that can be raised here. Only with this pioneering spirit can the agricultural industry in Delta County be stimulated."

## Hong Kong Flu Closes Central Michigan U.

By The Associated Press

Hong Kong flu caused two more early-holiday school closings, but several others tentatively scheduled reopenings this week.

In many hospitals, visiting privileges have been either canceled or drastically restricted to avoid further spread of the malady.

Four Virginia colleges, which normally would have closed later this week, shut down last Wednesday and Thursday. Starting today, three central Virginia hospitals began discouraging visitors to protect patients from the flu.

Central Michigan University canceled all classes until Jan. 6, while Northern Michigan University also closed a week early because of "flu-like" illnesses.

Two Maryland schools, closed last week, planned to resume classes this week in view of no significant outbreaks over the weekend.

In Cleveland, Ohio, three Catholic schools closed last week will open today.

In Wisconsin, health authorities said blood tests showed Type A incidence of the flu up as much as 17 per cent in some localities compared to 3 per cent in November. In Milwaukee, about 10 per cent of the schools' teachers were absent last week, while more than 20 Milwaukee-area hospitals cut down drastically on the number of visitors.

## All Crime Types Show Increase

WASHINGTON (AP) — The FBI reports a 42 per cent rise in purse snatchings led an overall 19 per cent crime rate increase the first nine months of this year.

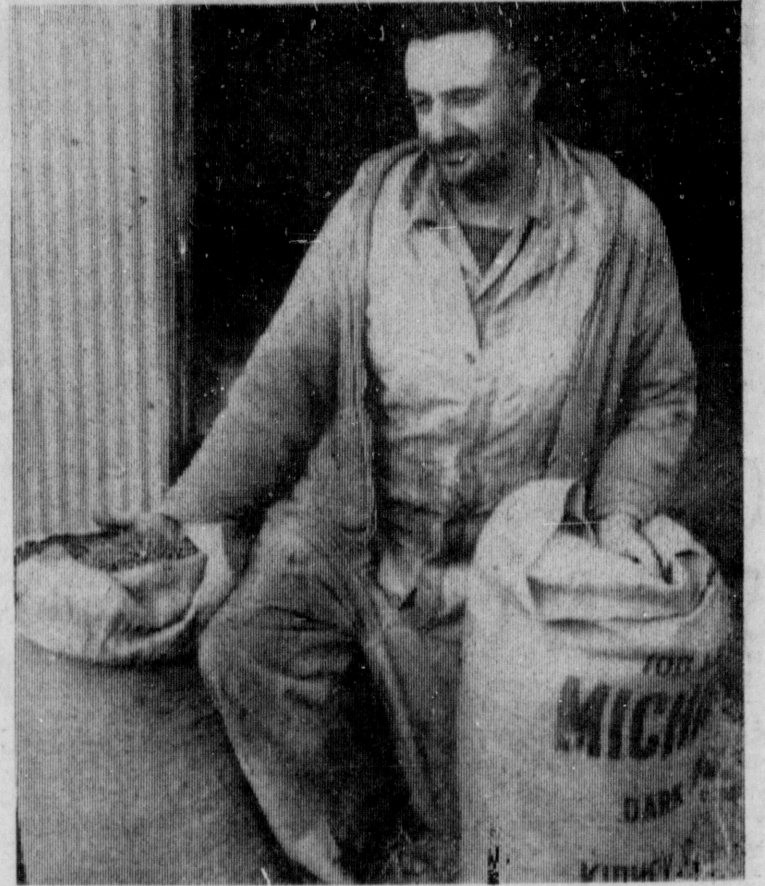

In violent crimes, robbery was up 32 per cent, forcible rape 17 per cent, murder 15 per cent and aggravated assault 13 per cent, according to the FBI's Uniform Crime Report released today.

Every category of crime showed an increase over the comparable period for 1967. The smallest was a 3 per cent rise in bank robberies.

In property crimes, thefts involving \$50 value or more were up 23 per cent, auto thefts 22 per cent and burglary 16 per cent.

### Briefly Told

A car driven by Marjorie Belleville, 52, Manistique, struck a deer about 5:50 p.m. Sunday on U.S. 2 in Nahma Township. State Police reported. She was not injured. Troopers also reported that Marie Tebear, 56, of 429 S. 16th St., Escanaba, escaped injury when a tie rod broke on her car and forced her car into a ditch off U.S. 2 in Wells Township about 12:05 a.m. Sunday.

RAY ALLEN of Fayette is pictured with a part of the harvest of navy beans from the Garden Peninsula acreage that he devoted to this unusual Upper Peninsula crop.

## Fred Kickbush Dies Saturday

Fred W. Kickbush, 82, of Rte. 1, Cornell, died Saturday at the Sydmark Nursing Home at Wells where he had resided for the past three months.

He was born in Stephenson, April 2, 1886, and was a retired section foreman for the E. & L.S. Railroad. He was a member of the Calvary Baptist Church. His wife Ida preceded him in death in 1957.

He is survived by two sons, Donald of Cornell and Harold of LeSueur, Minn.; two daughters, Mrs. Walter (Florence) Harrison of Cornell and Mrs. Bernard (Dorothy) Gardner of Ann Arbor; one sister, Mrs. William Hoff of Riverside, Calif. and six grandchildren.

Friends may call at the Anderson Funeral Home this evening from 4 to 9 p.m. Complete funeral services will be held Tuesday morning at 10 at the Calvary Baptist Church with the Rev. David Brostrom officiating. Burial will be in the Gardens of Rest Cemetery.

### Briefly Told

Quentin Way, 18, of Gladstone Rte. 1, is being held in the Delta County jail for military authorities for being absent without leave from his station in Colorado. Sheriff's officers took Way into custody at Peroville today.

Mary Heslip, 21, of 1800 10th Ave., suffered minor injuries in a one-car accident early Sunday, State Police reported. She was treated at St. Francis Hospital. Troopers said she lost control of her car about 2:25 a.m. on County Rd. D-12 in Escanaba Township. The car ran into the ditch and rolled over. She was ticketed for violation of the basic speed law.

Traffic citations were issued by State Police over the weekend to Esther Forslund, Ensign, speeding and expired operator's license; Robert Bezotte, Saginaw, speeding; Dennis Tounshak, 400 S. 8th St., no trailer registration; William Hoselle, 1215 Michigan Ave., Gladstone, no muffler; Douglas Pape, Menominee, improper passing, and Francis Bouchard, Escanaba, speeding and no operator's license.

Jaycees who can donate blood at the Badger Bloodmobile Wednesday or Thursday should contact Robert Bink at 786-4144 or 786-5860.

An automobile owned by Henry Boggs of Bark River Rte. 1 and reported stolen in Escanaba at 11 p.m. Saturday has been recovered at St. Ignace, Escanaba police report.

Escanaba police have issued traffic court notices to Stanley C. Messner, 208 N. 11th St., Philip J. Vanelacker, Escanaba Rte. 1, David R. LaMarch, Escanaba Rte. 1, Stephen C. Goloback, 934 Sheridan Road, and Louis J. Berube, Escanaba Rte. 1, all for speeding; Wayne J. LaCosse, 615 S. 20th St., speeding and expired operator's license; and Terrence D. Farrell, 611 S. 14th St., improper overtaking and passing.

Mrs. Violet Gardiner of 904½ Ludington St., suffered a fractured arm and cut head when she fell Saturday night on the stairway to her apartment. Her condition is reported as good today at St. Francis Hospital.

James L. Leonard, 21, of 322 N. 16th St., was summoned to traffic court by Escanaba police for leaving the scene of a property damage accident at 2419 Lake Shore Drive Saturday night. His car struck a stop sign.

## Business Area U-Turns Bring Many Tickets

Escanaba Police Chief Richard Frederick directs the attention of motorists to the city ordinance limiting U-turns.

"The driver of any vehicle shall not turn such vehicle to proceed in the opposite direction upon any street in a business district and shall not upon any other street so turn a vehicle unless such movement can be made in safety and without interfering with other traffic."

Escanaba's business district as defined on zoning maps is all of Ludington St. from 2nd to 27th St.; south side of Ludington between 2nd and 13th St. to 1st Ave. S.; and from 14th St. to 22nd St. to the south Ludington St. alley is zoned commercial.

The north side of Ludington St., from N. 4th St. to N. 22nd to 1st Ave. N., is commercial; but N. 3rd St. is zoned Class A residential.

Illegal U-turn summonses have been issued by police over the weekend to Ronald J. Germain, Escanaba Rte. 1; Larry A. Malmstead, Bark River Rte. 1; Peter J. DeMay, N. 7th St., Gladstone; and to Ronald J. Rickel, 420 S. 16th St.

## Ward Reports Staff Benefits

Escanaba employees of the Montgomery Ward store at 1200 Ludington St. will have an opportunity on Jan. 1 to enroll in expanded retirement, profit sharing and long-term disability plans, announces Jim Legault, store manager. The plans are part of a \$6 million benefit improvement program announced earlier.

Legault will explain the new disability plan, improved profit-sharing and improved retirement plan at a meeting of the store's 50 employees.

Improvements in insurance were operative Oct. 1 and the new disability, retirement and profit-sharing plans are effective Jan. 1.

For the first time, all full-time employees are eligible for the long-term disability plan. It provides up to 50 per cent of an employee's average earnings in the case of disability and improved group insurance benefits cost Ward employees less than under the old plan.

## Daylight Time Decision Delayed

The question of whether Michigan shall be on Daylight Savings Time is still unsettled. The Legislature originally rejected fast time. But petitions were obtained and the issue was put on the Nov. 5 ballot. After unofficial reports indicated fast time had been approved, the Board of Canvassers found numerous large errors and certified that the issue had been defeated by a vote of 1,501. Proponents of fast time, led by the State Chamber of Commerce, have officially petitioned for a recount of about 2,000 precincts of the state. The recount, because of its magnitude, will be a time-consuming job and the Secretary of State's office must find many people with election experience before the task can be completed.

### Rock

Paul Johnson injured his right hand while riding a snowmobile. He spent a night in St. Francis Hospital because of the injury.

## Adolph Ballor Taken By Death

MANISTIQUE — Adolph J. Ballor, 77, of 829 Manistique Ave., died Saturday afternoon at the Schoolcraft Memorial Hospital. He was born Feb. 15, 1891 in Laneville, Mich. and had resided in Manistique for the past 40 years.

He was married to the former Maryett Ferette in 1935 in Manistique and she died Dec. 9 of this year. Mr. Ballor was a veteran of WW I.

He is survived by one son, George Carlson of Manistique; three daughters, Mrs. Wendala Slough and Mrs. Otto (Lena) Wilcox of Manistique and Mrs. Henry (Addie) Lace of Elkhart, Ind.; one brother, William of Manistique; three sisters, Mrs. Pearl Anderson, McMillan, Mrs. Phoebe Franks and Mrs. Stella Hiltz of Flushing; 22 grandchildren and 49 great grandchildren. Another son, William Carlson, died in October of 1966.

Friends may call at the Messier - Broulliere Funeral Home after 4 p.m. Monday and funeral services will be conducted at 2 p.m. Tuesday at the funeral home with the Rev. Robert Haring officiating. Burial will be in Fairview Cemetery. Veteran's memorial services will be held at 8 p.m. today.

## Weather Show Is Featured Tuesday Night

MARQUETTE — "The Weather Watchers," the second program in National Educational Television's "The World We Live In" series, shows man's progress in monitoring and controlling the weather at 8 p.m. Tuesday on WNMR-TV.

Other featured programs this week on Northern Michigan University's educational television station include:

Life in New York's Spanish Harlem at 7:30 tonight.

Wolfgang Sawallisch conducts the Vienna Symphony at 9:30 tonight.

"International Magazine" reports on the political role of the white South African women, the cult of Scientology, the impact of the twentieth-century on the Eskimos of Greenland, and England's progressive Summerhill School, at 7:30 p.m. Wednesday.

Public Broadcast Laboratory makes an allegorical projection of what America will be like 400 years from now at 7 p.m. Friday.

The final play in a four part series forming a biography of Queen Victoria at 9 p.m. Friday.

Olivier Wendell Holmes was the author of the phrase: "Taxes are what we pay for civilized society."

RAY ALLEN of Fayette combines windrowed beans in harvesting his 125 acres of navy beans on the Garden Peninsula. (Soil Conservation Services Photos by Jack Kreinder)

# Federal Highway Changes Opposed

WASHINGTON (AP) — A proposal to give the public more voice in the location and design of federal highways has started a fight that could have a dramatic effect on the future of the nation's road building policies.

The proposal, which will be argued in Transportation Department hearings starting today, calls for more public hearings before final decisions are made.

Joining the Transportation Department, which made the proposal, in backing the plan are the Agriculture and Interior departments and the mayors and congressmen from several of the nation's large metropolitan areas.

**Boyd Fighting Time**  
Listed against the plan are officials from several states, the roadbuilding industry and Massachusetts Gov. John Volpe, who will be secretary of transportation in the Nixon administration.

Volpe, who owns a construction company and ran the nation's road program under President Eisenhower, is not expected to testify in the hearings.

Department sources said Transportation Secretary Alan S. Boyd is determined to get the policy through ahead of the coming Nixon administration. But they say that even if he does, the new administration could reverse it.

Advocates of the plan say the new approach is needed to keep highway officials from arbitrarily slicing through the cities and the countryside with massive roadways that break up neigh-

borhoods and blight the landscape.

**Excessive Delays**  
Opponents have charged that the move would involve highways in controversy that could lead to excessive delays. Some have said it could virtually paralyze plans for urban freeways.

A key requirement of the plan would require one public hearing before route decisions and a second before the design was approved.

The department said in announcing the proposal that "Currently, no more than one hearing is required on proposed new highway locations, which generally has taken place at an early stage of the highway planning sequence."

**Sides About Equal**  
Urban freeways in particular have come under intense criticism recently in many cities, and many proposed urban segments of the Interstate highway system have been stymied.

Since it was proposed Oct. 22 the Department Transportation says the plan has drawn written comments from about 2,300 individuals or groups. A department spokesman said those for and

against are about equally divided.

The proposal is the latest in a series by the department to minimize the impact of freeways on city residents. Boyd previously has led the way on use of teams of designers from many fields to cooperate in making freeways blend with their surroundings.

## Sentence Minors For Beer Party

The former senior citizens drop-in center in the 800 block of Ludington St. had a new use Saturday night. Seven teenagers (five of them juveniles under 17) used the back room for a beer party.

City officers on patrol investigated and brought two to Municipal Court today on charges of being minors in possession of beer.

Robert Boudreau, 17, of 918 2nd Ave. N., is arranging to pay a fine of \$25 and costs of \$5; and Dale Kidd, 17, of 415 S. 18th St., was unable to pay and was lodged in the county jail for 10 days. Both pleaded guilty.

## Bark River

United States Army Lieutenant Tom Sarasin, son of Mr. and Mrs. Carl Sarasin of Bark River, completed a tour of duty in Vietnam and arrived home on Dec. 4. When his leave is up he will report to Pontiac where he will act as army advisor.

## Obituary

TIM SABOURIN

Funeral services for Tim Sabourin were held at 10 a.m. today at St. Joseph's Church. Burial was in Holy Cross Cemetery. Pallbearers were Wilfred, Leonard, and Kenneth Boudreau, Tim Runkel, James Groleau, Gary and Norbert Randall and Robert Anderson.

# Fumbling Lions Suffer Defeat

WASHINGTON (AP) —Christmas came early for Washington's third-string quarterback Harry Theofilides Sunday, but it left the Detroit Lions only lumps in their stockings and humbug in their hearts.

For the Lions, losing 14-3 in their final National Football League season game might well have seemed less rewarding than working for Ebenezer Scrooge.

Detroit repeatedly was stymied by fumbles in the Redskins territory. After a 96-yard march on one drive, Nick Eddy, running and cutting well after a long-absence because of injury, nevertheless fumbled the ball at the Washington three-yard line.

Minutes later, rookie end Earl McCullough lay stretched out in the Washington end zone, alone with his thoughts after fumbling a sure touchdown pass. Two plays later the Lions fumbled again at the Washington 12.

The Lions wound up with a 4-

## Harrelson Gets Bosox MVP Honor

BOSTON (AP) — Ken Harrelson, who cracked 35 homers en route to leading the American League with 109 runs batted in, is the Boston baseball writers' choice as the Red Sox' most valuable player in 1968.

Harrelson was named during the weekly to receive the John B. Gillooly Memorial Award at the writers' 30th annual dinner Jan. 30.

# Raiders Drop Chargers; Meet Chiefs In Playoff

By The Associated Press

It was a bird, it was a plane. Well, for Oakland, it was a Bird —Rodger Bird flying down the sideline with an intercepted pass to spark the Raiders into a playoff for the American Football League's Western Division title.

"That put us ahead and pepped us up," Coach John Rauch said Sunday of Bird's 22-yard touchdown run with the interception that put Oakland ahead of San Diego 17-13 and keyed the Raiders to a 34-27 victory.

Oakland finished its regular season with a 12-2 record and in a first place tie in the West with Kansas City, which trounced Denver 30-7 Saturday.

The Raiders will play Kansas City in Oakland next Sunday for the right to meet the Jets, Eastern Division champions, for the AFL title in New York Dec. 29.

New York closed out its regular schedule Sunday with a 31-7 romp over Miami, and, in the only other game, Houston trounced Boston 45-17.

After Bird's scoring theft of a

# Bruins, Tarheels Face Top Warmup Opponents

By The Associated Press

A couple of warmup games—that could be a little hot—stand in the way of UCLA and North Carolina this week before what could be a climactic showdown for college basketball's No. 1 ranking.

The top-ranked Bruins and runner-up Tar Heels will compete in the New York Holiday Festival Tournament Christmas week, and if all goes according to form will collide in the championship game.

But first, UCLA, 3-0 and idle all last week, must get by a couple of home dates with Minnesota and West Virginia, a pair of teams boasting some early season success.

The Gophers, unbeaten since losing their opener, furnish the opposition Friday night, while West Virginia, winner of five in a row, tests the Bruins the next evening.

North Carolina, riding a four-game streak, ends a week layoff at Clemson, 1-1, tonight, then follows up by playing host to stubborn Virginia, 3-1, Tuesday night.

Meanwhile, Duke Coach Vic Bubas was still shaking his head today over a sudden reversal of success that undoubtedly will

knock his ninth-ranked Blue Devils out of the ratings.

Duke breezed to victory in its first three games—but lost all three starts last week, including a 71-63 decision on its own court to once-beaten East Tennessee Saturday night.

Bubas, witnessing a team of his losing three straight for the first time in a decade labeled the Blue Devils' showing a disgrace.

However, the rest of the Top 10 had an easy night.

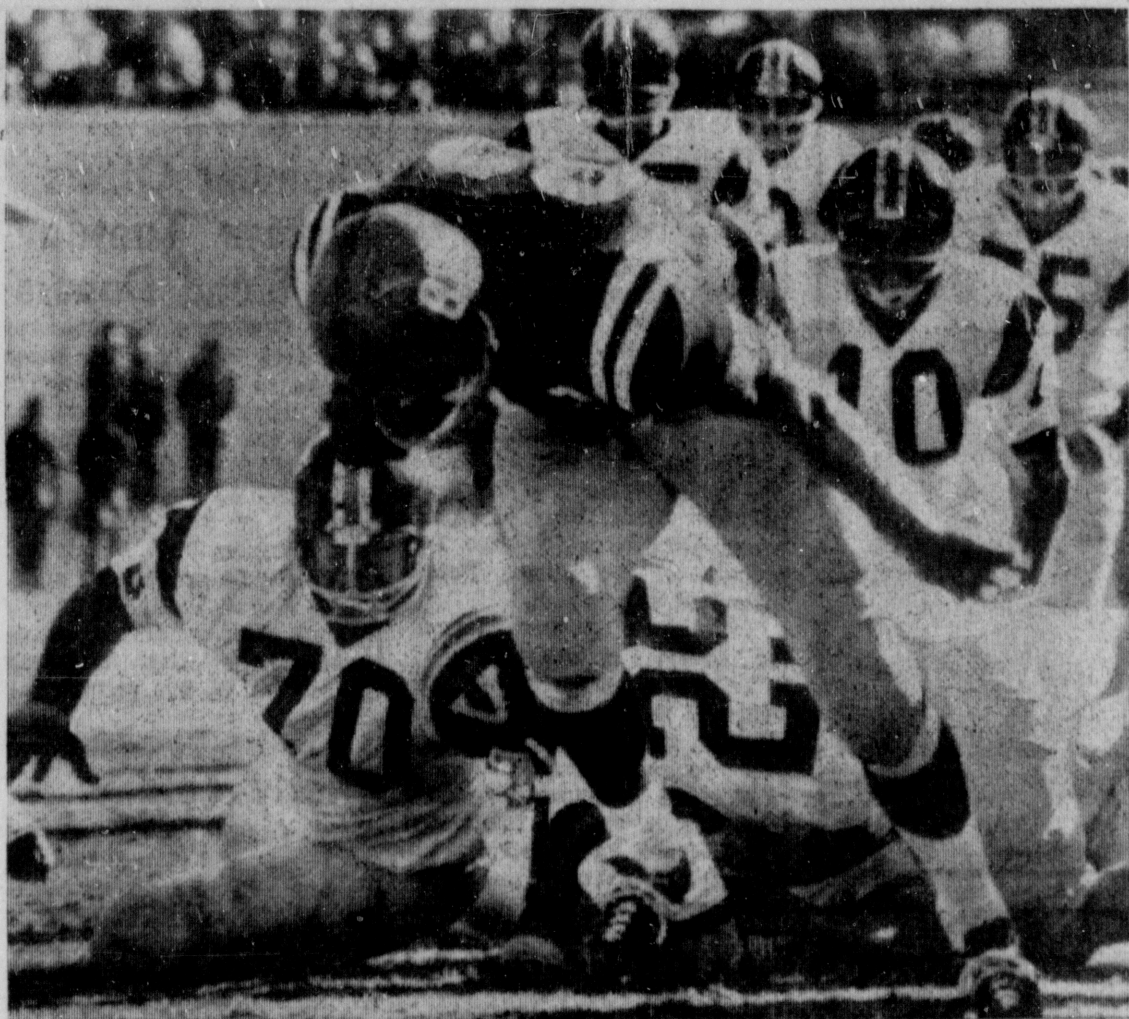

No. 4 Kentucky, backed by Dan Issel's 26 points and 16 rebounds, sailed past Penn 102-78 to give Coach Adolph Rupp career victory No. 785.

Fifth-ranked New Mexico spotted Texas-El Paso a nine-point lead, then roared back for a 65-61 conquest and No. 6 Cincinnati rode Jim Ard's 21 points to a 56-48 victory at Miami of Ohio.

No. 7 Notre Dame blasted St. Louis 101-76 and Bob Lanier drilled in 40 points as No. 10 St. Bonaventure coasted past Toledo 85-75.

No. 11 Kansas humiliated Syracuse 71-41 in the championship game of the Sunflower Classic at Lawrence, Kan.

No. 12 Houston rolled past

# Ole Miss Scores Ninth Bowl Triumph Saturday

By The Associated Press

Virginia Tech caught Mississippi off guard with the Deacon Special but then outsmarted themselves with an onside kick in the Liberty Bowl, the first of the major postseason attractions.

Ole Miss Coach John Vaught says the onside kick turned the game around Saturday and started the Rebels toward their 34-17 victory, their ninth post-season bowl triumph against seven losses.

The Gobblers tried the onside kick with a 17-0 lead in the nationally televised game at Memphis, Tenn. But the ball failed to go the required 10 yards and the Rebels took over on the Tech 48.

The Gobblers' first score came in an explosive second quarter when quarterback Al Kincaid picked up the ball on the line of scrimmage and pitched it to Ken Edwards who dashed 58 yards to score. The play worked against the Wake Forest Deacons in 1964 and Tech dubbed it the Deacon Special.

Ole Miss rallied to clobber the Gobblers with scoring passes of 21 and 35 yards by Archie Manning and a 79-yard run by Steve Hindman for the go-ahead touchdown. Bob Bailey wrapped it up by running 70 yards with an intercepted pass in the final period.

Elsewhere, the small colleges had their day in a line-up of post-season classics ranging from the Camella Bowl in Sacramento, Calif., to the indoor Boardwalk Bowl in Atlantic City, N.J.

Humboldt State downed Fresno State 29-14 in the Camella Bowl while Delaware pulled out a 31-24 victory over Indiana University of Pennsylvania in the Boardwalk Bowl in Atlantic City Convention Hall.

North Dakota State held off Arkansas State 23-14 in the Pecan Bowl at Arlington, Tex., and Louisiana Tech walloped Akron 33-13 in the Grantland Rice Bowl at Murfreesboro, Tenn.

Troy State of Alabama clinched the NAIA championship behind the passing heroics of Sim Byrd, a second team Little All-American.

Byrd fired five touchdown passes in a 43-35 decision over Texas A&I.

Two other Little All-Americans shone in the Pecan Bowl. Halfback Paul Hatchett of top-ranked North Dakota State gained 106 yards and was named the outstanding offensive player while Arkansas State linebacker Bill Bergery figured in 21 tackles and intercepted two passes to win defensive honors.

Louisiana Tech's Terry Bradshaw showed how he became the NCAA College Division total offense leader as the Bulldogs

# Wings Top Minnesota; Unger Hits Hat Trick

By The Associated Press

Tip your hat to Phil Esposito and while you're at it, don't forget Gary Unger.

Esposito gave Boston its second hat trick in as many nights and scored three goals in one game for the second time this season Sunday night, leading the Bruins to a 5-3 victory over Pittsburgh.

Unger, who turned 21 a week ago, scored his first National Hockey League hat trick in a milestone game with Detroit dropping Minnesota 5-2.

Elsewhere, Philadelphia slapped New York 3-1, St. Louis downed Los Angeles 3-1 and Chicago whipped Oakland 7-4.

On Saturday, Bobby Orr's hat trick drew a standing ovation and helped Boston batter Chicago 10-5, Minnesota dropped New York 4-1, Montreal shut out Philadelphia 1-0, Toronto trimmed St. Louis 3-2, Detroit took Oakland 3-1 and Los Angeles edged Pittsburgh 2-1.

Esposito's three goals gave him 20 for the season in the Bruins' 28th game. He first tied the game after Pittsburgh's Keith McCreary had scored on the Penguins' only shot on goal in the opening period. Then Espo scored two more in the final 20 minutes.

Esposito's first goal at 14:50 of the opening period was followed 21 seconds later by Ken Hodge's tally that gave the Bruins the lead Fred Stanfield had Boston's other goal while McCreary scored twice and Earl Ingarfield once for Pittsburgh.

drubbed Akron. Bradshaw completed 19 of 33 passes for 261 yards and two touchdowns and scored twice himself.

Delaware fell behind 24-23 on Bob Tate's 33-yard field goal with a minute to play. But the Blue Hens pulled it out when Don DiMuzio passed nine yards to Ron Withelder with 15 seconds left.

Three field goals in the second quarter by quarterback David Banducci made the difference for Humboldt State. Banducci also threw a four-yard touchdown pass in the final period.

Unger ran his season's total to 13 with his trio of goals against Minnesota. Gordie Howe, playing in his 1,500 regular season game, scored his 703rd career goal. Alex Delvecchio, who scored the other Red Wing goal, also assisted on one of Unger's for his 600th career assist. Only Howe and Montreal's Jean Beliveau have ever reached that plateau before.

Ray Cullen and Wayne Connolly had power play goals for the North Stars, who fell behind early.

Chicago wiped out a 3-0 Oakland lead with Stan Mikita, Dennis Hull and Doug Mohns scoring two goals apiece and Jim Pappin getting the other.

There were two major fights, a penalty shot on which Oakland goalie Chris Worthy stopped Chicago's Chico Maki, and a penalty to Bob Schmeitz of the Black Hawks for using an illegal stick.

Francois Lacombe, Gary Jarrett and Norm Ferguson scored the early lead goals before the Hawks tarted their comeback. Jarrett and Chicago's Matt Ravlich were paired in a first period fight and Schmeitz took on Car of Vadnais in the second period.

Philadelphia ended an 11-game, month-long winless streak by knocking off the Rangers. New York now has not won in six games.

Dick Sarrazin scored twice for the Flyers and Bernie Parent turned in some sharp goaltending. Jim Johnson hit Philadelphia's other goal while Walt Tkaczuk scored for New York.

Jim Roberts scored a pair of goals for St. Louis as the Blues knocked off Los Angeles and extended their West Division lead to nine points over the Kings. It was the seventh visit in two seasons for LA, which is yet to win in St. Louis.

# Packers Nip Bears; Vikings Win Crown

By The Associated Press

Don Horn started the day backing up Green Bay's back-up quarterback and wound up throwing the Chicago Bears for a fatal loss.

He had an unlikely band of Packer-backers from Minnesota behind him all the way.

Horn, activated Saturday night by the Packers as standby for Zeke Bratkowski, Bart Starr's relief pitcher, came off the bench Sunday and keyed a 28-27 triumph over Chicago that knocked the Bears out of the National Football League championship picture.

Chicago's setback, coupled with Minnesota's 24-17 victory at Philadelphia, crowned the Vikings as champions of the Central Division.

But the Vikings, who followed the Green Bay-Chicago game via clubhouse radio after the finish of their game, had to sweat out a furious Bear charge in the final minutes before nailing their first division title in eight years as an NFL expansion franchise.

In Sunday's other regular season finales, Baltimore edged Los Angeles 28-24, Dallas thumped New York 28-10, Washington topped Detroit 14-3, San Francisco nipped Atlanta 14-12 and New Orleans trimmed Pittsburgh 24-14. St. Louis upended Cleveland 27-16 Saturday.

Dallas meets the Browns in Cleveland next Saturday for the Eastern Conference title and the Vikings and Colts collide at Baltimore the following day for the Western crown.

Horn, released from the Army just 10 days ago, entered the Packers-Bears scrap with Chicago leading 10-7 in the first quarter after Bratkowski, who

had started in place of the injury-plagued Starr, was shaken up.

The 23-year-old San Diego State alumnus, Green Bay's No. 1 draft choice last year, uncorked a 67-yard touchdown pass to Jim Grabowski and then set up Chuck Mercein's one-yard scoring plunge with a 45-yard pass to Boyd Dowler as the Packers grabbed a 21-10 halftime lead.

Horn capped an 83-yard third quarter drive with a 25-yard TD strike to Dowler, boosting the margin to 28-10, before the Bears struck back.

Ronnie Bull's eight-yard touchdown run and Mac Percival's 26-yard field goal closed the gap to 28-20 and Dick Gordon grabbed a 51-yard TD pass from Jack Concannon with 3:58 remaining in the game. Percival's conversion left the Bears one point back.

Joe Kapp, Minnesota's unsuaging quarterback, led the Vikings past the stubborn Eagles, firing a pair of scoring passes and running for a third touchdown.

He hit Bill Brown for a 57-yard touchdown oomb in the second period, tossed a 30-yard payoff pitch to Gene Washington in the third and wrapped it up with a two-yard scoring jaunt in the fourth.

Johnny Unitas, sidelined by an elbow ailment most of the season, engineered two second half touchdown drives at Los Angeles, leading the Colts to their eighth straight victory and a 13-1 finish.

Craig Morton replaced ineffective Don Meredith for the Cowboys in the second quarter at New York and paced the Capitol Division kings to their 12th victory against two setbacks.

He ran for one touchdown and threw a 13-yard TD pass to Bob Hayes, who also scored on a 63-yard punt runback.

Harry Theofilides, Washington's third-string signal caller, drove the Redskins to two touchdowns in the last five minutes to overcome Detroit.

Rookie defensive back Jim Smith of the 'Skins suffered a broken neck in a first half collision with a teammate. The team physician said Smith should recover without permanent injury.

Ken Willard edged 69 yards for one touchdown and bulled one yard for another, carrying San Francisco past the Falcons.

The 69-yard ramble was his longest from scrimmage as a pro.

The Saints toppled the Steelers behind the strong passing of Bill Kilmer, who connected for 292 yards and a pair of touchdowns.

## Northern Falls In 3 Overtimes

MISSOULA, Mont. — Northern Michigan's Wildcats, playing without its three top scorers, extended Montana to three overtime periods before dropping a 75-66 decision here Saturday night.

Coach Glenn Brown, who had announced suspension Friday of Ted Rose, Dave Kovack and Mike Boyd for training rule violations, started an all-sophomore outfit against the Grizzlies. Three of the Wildcats played the entire game.

Northern knotted the score at 57 all when Steve Veneklasen tipped in a rebound in the final second of regulation time. Al Inkala collected two free throws and Gerry Gerard got a field goal in the first overtime, which ended 61-61, while Veneklasen and Gerard each netted one foul shot in the second overtime for another 63-63 deadlock.

Inkala, who led both teams in scoring with 31 points, netted a field goal and free throw in the third extra five minute session.

Northern plays at Nevada Southern Monday night.

## Marquette Tops Maroons, 54-51

MARQUETTE — Marquette weathered a light failure in the final two minutes and defeated Menominee 54-51 here Saturday night.

The lights went out with 1:28 to go and it took an hour before lighting was restored. The loss was the first for the Maroons in twenty league games dating back to two years ago.

Ex-Mental Case Gives Up Siege

HOLLYWOOD, Fla. (AP) — A former patient forced his way into a mental hospital Sunday, took three hostages, then surrendered when a newspaper reporter promised to get him more pep pills and treatment.

William Meagher, 24, ended his five-hour siege of the South Florida State Hospital maximum security ward after Rod Gibson, of the Miami Herald, promised to help him.

While a patient there, Meagher had twice broken out.

The three hostages, guard Edward T. Smith and aides Fred Horton and Raymond Dorry, were released unharmed.

Meagher announced his siege at 5:30 a.m. when he telephoned Dr. Richard Parks, hospital superintendent. Dr. Arthur Stillman, clinical director, and Gibson at their homes.

Gibson said Meagher told him: "I have a sawed-off shotgun and a pistol—and plenty of ammunition. I have three aides as hostages and if they don't close down this ward for good, I'm going to tear it apart and kill the three hostages."

The reporter met Meagher in June when Meagher then a prisoner in a Miami jail, wrote to him to complain about the treatment mental patients receive in Florida.

During the siege, Meagher gave beer to inmates in maximum security cells and forced his hostages to drink. Meagher fired shots through the ward's windows, but police who surrounded the building did not return the fire.

Gibson promised by telephone to deliver the drugs and get treatment for him. Meagher then surrendered. Outside, Meagher immediately swallowed four pills that were given to him, by Stillman. They were tranquilizers and Meagher soon fell asleep.

He was taken by ambulance to another hospital.

GLADSTONE Chamber Offers Turkeys Tuesday For Blood Donors

The Gladstone Chamber of Commerce will donate three turkeys to be given away to blood donors Tuesday at the visit of the Red Cross Badger Bloodmobile at the James T. Jones School.

Hours of the bloodmobile visit are from 3 to 7 p.m. and the Gladstone quota is 62 units.

Girl Scout Troop 87 is recruiting blood donors and members of the First Lutheran Church L.C.W. are serving the canteen.

Briefly Told

The Ladies Society of the B. of L. F. and E. will meet at the home of Mrs. Robert Wilbee, 1320 Wisconsin Ave. Wednesday at 6:30 p.m. Officers will be elected and all members are requested to be present.

August Mattson Post 71 will hold a joint meeting with its Auxiliary tonight at 7:30 p.m.

Social

Happy Rock Extension Club will meet Tuesday at 8 p.m. at the home of Mrs. Bill Swenson, 802 Montana Ave. Members are to bring a Christmas reading or record to share with the group.

Two Walk Away From Plane Crash

LANSING (AP) — An airplane pilot, who said he was practicing for his commercial pilot's test, and his daughter walked away virtually unharmed Sunday from the wreckage of their plane.

Milton Faynor, 50, of Eaton Rapids and his daughter had been flying west of Charlotte in Eaton County when the engine failed and the plane crashed.

Faynor was treated by a doctor for minor cuts. His daughter, Patricia, 16, was reported unharmed.

School Hikers Survive Storm

MANCHESTER, Vt. (AP) — Twenty high school hikers and two teachers, trapped on Mt. Tabor when a rain turned to a blinding snow storm, lasted the night in a lean-to by singing songs and pairing off to watch for signs of frost bite.

The nine girls, 11 boys and teachers from the hiking club of Shennondow High School at El-nora, N.Y., were brought down Sunday by rescuers. They had kept warm by a fire.

Two girls, Janice Naylor, 16, and Virginia Morton, 17, suffered frost bitten feet.

Snow, winds of up to 50 miles an hour and zero cold forced the group to seek shelter.

Granger said the party missed a side path, realized it was near dark, and took shelter in the lean-to, using a machete to cut down fire wood.

"We never slept, it was too cold," said Lynn Focht, 17. "We sang and talked."

Water Level Up On Great Lakes

DETROIT (AP) — All of the Great Lakes except Ontario are higher than they were a year ago and all are expected to continue for the next six months above their average levels for the last 10 years.

The Army Corps of Engineers reports Lakes Superior and Erie already above their average levels between 1860 and 1967, with Lakes Michigan and Huron expected to top their long-term and 10-year averages next May.

Superior, 11 inches higher than a year ago, is within a couple of inches of equalling its all-time high water marks of 1951-52 for this season, and that condition is expected to continue into next June.

Michigan and Huron top their year-ago levels by six inches, while Erie is up two inches and expected to rise another two this month.

Ontario, which began falling last July, is expected to begin rising in January and continue to do so into June. It is now 14 inches off its level of last December, but still above the 10-year average.

Lake St. Clair, which joins the St. Clair and Detroit Rivers between Lakes Huron and Erie, is up three inches and expected to begin rising in March. It already tops its all-time and 10-year averages for this season and will continue to do so over the next six months, say the Army engineers, who limit their forecasting to six months hence.

Microfiche is a small sheet of photographic film carrying 100 or more page images. The images cannot be read with the naked eye, but the top of the microfiche has a legible title so that the owner can easily thumb through a file drawer of microfiches and quickly pluck out the right one.

# Sagging Pistons Lose To Phoenix

DETROIT (AP) — The sagging Detroit Pistons need a change to help bounce out of an eight-game losing skid, and apparently coach Paul Seymour feels that should be at center.

"We need a big horse on the boards, even if we have to trade somebody," Seymour said Saturday after Detroit bowed to the Phoenix Suns 123-118.

It was an embarrassing loss, especially since the Suns had only one victory in their last 18 games and rookie Gary Gregor, playing at center, grabbed three times as many rebounds as his Pistons counterparts.

Gregor, normally a forward, played in place of regular George Wilson and pulled down 18 rebounds, compared with only five for Detroit center Otto Moore and one for center Jim Fox.

Guard Gail Goodrich had his greatest night in four years as a pro, scoring 41 points against the Pistons. His previous NBA high was 32.

High man for Detroit was Jimmy Walker with 28.

The Pistons were scheduled to practice today in preparation for Wednesday's encounter with San Diego at Cobo Arena. A loss would tie the team's record for most defeats in a row (nine) which it reached twice

since coming to the Motor City. Seymour, who recently took over the coaching chores from Donnis Butcher, is still looking for his first victory in his new position.

Meanwhile, Billy Cunningham, the Philadelphia 76ers' springy forward was bounding about like Superman Sunday as he gathered 23 rebounds and scored 36 points to lead the 76ers to a 110-104 NBA victory over the New York Knicks.

In other NBA action Sunday, Cincinnati topped Phoenix 119-101 and Los Angeles nipped Seattle 115-114. San Diego's game at Atlanta was postponed when San Diego was unable to get a flight out of New York because of snow.

Denver edged Los Angeles 113-110 in overtime, Houston nipped the New York Nets 105-103 and Kentucky thrashed Miami 123-102 Sunday in the American Basketball Association. The Indiana at Minnesota game was postponed because of the death of John C. Devoe, Indiana president.

Last year, Cunningham was the sixth man on the 76ers. But when Wilt Chamberlain was traded to Los Angeles, Billy the Kid was counted on for more playing time—and more rebounding.

He leads the club in scoring, rebounding and steals and attributes this to more playing time. Cunningham also says there's more room for him to maneuver, now that Wilt's not clogging up the area around the basket anymore.

Dick Barnett's jump shot gave the Knicks a short-lived 88-86 tie in the fourth quarter, but Cunningham and Walker put together a 12-point surge to help Philadelphia pull away.

Cazzie Russell and Willis Reed led the Knicks with 25 and 24 points, respectively.

The victory boosted the 76ers to within 1½ games of Baltimore in the tight Eastern Division race.

Oscar Robertson scored 26 points and handed out 17 assists in leading Cincinnati over Phoenix at Omaha, Neb. Tom Van Arsdale scored 28 points for the Royals, and his twin brother, Dick, got 25 for Phoenix.

Jerry West's three-point play with five seconds left gave Los Angeles its comeback victory over Seattle. Lenny Wilkens got a chance to tie it for Seattle with two seconds remaining but missed a free throw.

West finished with 28 points. Bob Rule scored 37 for Seattle and Wilkens 35.

In Saturday's action, Baltimore upended Boston 110-101, Cincinnati beat Milwaukee 121-115, New York got past San Diego 112-105, Philadelphia whipped San Francisco 137-101 and Los Angeles downed Seattle 136-120.

## Service Man's Action Saves Life

PORTAGE (AP) — A quick-thinking Consumers Power Co. service man is credited today with having saved the life of 8-year-old Raymond Giambone of Portage.

Victor Survilla called at the home of Raymond's mother, Mrs. Joyce Giambone, in answer to a "no heat" complaint Saturday.

While awaiting entry to the home, Survilla heard strange noises coming from the Giambone garage. Upon investigation, he found Raymond trapped inside a locked refrigerator.

The boy, carrying a lit candle, had crawled into the refrigerator and shut the door behind him. When the candle went out he became frightened and began banging against the locked door trying to fight his way out.

The Mississippi River empties into the Gulf of Mexico 724 billion cubic feet of water every year, according to the Encyclopedia Britannica.

## Vince Refuses Saints' Offer

NEW ORLEANS (AP) — The New Orleans Saints tried unsuccessfully several days ago to lure Vince Lombardi to run the National Football League's newest team, it was learned today.

But Lombardi refused to budge from Green Bay, where he is general manager.

So, Tom Fears, the one-time great receiver of the Los Angeles Rams who broke into the coaching ranks under Lombardi at Packerland, will continue to coach the Saints—unless he decides to shoot for one of the several NFL jobs expected to open up next to the 1968 regular season has been completed.

The Saints sent an emissary to Green Bay last week to talk to Lombardi, who retired from coaching last year after leading the Packers to three straight NFL titles, it was learned.

The informant reported that Schwenk was supposed to have remained with New Orleans as assistant general manager under Lombardi. No mention was made of finances except "Lombardi was offered six figures."

## Gladstone Frosh

The Gladstone Braves freshmen squad will entertain the Holy Name Crusaders frosh in a basketball game tomorrow night at the Gladstone High School gymnasium beginning at 7.

## Redskins' Back Has Broken Neck

WASHINGTON (AP) — Rookie safety Jim Smith was reported resting comfortably today in a Washington hospital after he suffered a broken neck in Washington's 13-3 National Football League victory over the Detroit Lions Sunday.

Smith suffered a fracture and dislocation of the third cervical vertebrae when struck in the head by a teammate's knee.

The physician, Dr. George A. Resta, said there were no signs of paralysis. Resta said Smith should recover without permanent injury.

## Tigers Begin Camp Feb. 22

DETROIT (AP) — Baseball's World Series foes in October, the Detroit Tigers and St. Louis Cardinals, will meet again in the spring—but this time it will just be for practice.

The Tigers, who took the World Series in seven games from the National League champion Cardinals, will meet St. Louis four times in exhibition games in the spring.

Detroit announced over the weekend that its 1969 spring training camp will open at Lakeland Fla., Feb. 22.

Selected minor league pitchers and catchers will begin workouts three days early at Lakeland, the scene of the Tigers' camp since 1934.

Fourteen of the Tigers' exhibition baseball games will be played at Marchant Stadium in Lakeland.

Detroit opens its exhibition season against the Pittsburgh Pirates at Bradenton, Fla., March 7 and will finish its pre-season schedule by meeting Cincinnati at Montgomery, Ala., April 5 and at Columbus, Ohio, April 6.

Detroit begins its defense of the American League pennant by hosting the Cleveland Indians at Tiger Stadium April 8.

WELL DRILLING

## Shultz Judges Nonwhite Unemployment Critical

NEW YORK (AP) —George P. Shultz, chosen by President-elect Nixon as his secretary of labor, considers unemployment among young nonwhites as a "large, serious and growing" problem underlying urban unrest.

Shultz meticulously dissected the dilemma of ghetto unemployment early this year in an address before the Center for Policy Study, based at the University of Chicago, where he is dean of the Graduate School of Business.

In the paper, which Shultz reworked this summer, the next labor secretary revealed himself as in favor of innovation and a "flavor of experimentation," and as a man who believes that slum residents should be heavily involved in their own job-opportunity programs.

"A person could receive credits entitling him to \$5,000 worth of training, counseling and wage subsidy benefits. It would be up to him to exercise these credits to his best advantage, as in the operation of the G.I. Bill," he said.

**Ghetto Schools**

Shultz conceded that this approach unnerves some planners, but maintained that if experimented with, the rewards might be great both for the job seeker and the school system.

"The expectation would be," he said, "that new or drastically altered institutions of training would emerge, tailored much more to the needs of the disadvantaged."

"Alternatively or concurrently, experimental schools might be established in the ghetto, directly addressing themselves to the problems of their people without respect to the rest of the school system."

Shultz suggested that a federal-city-neighborhood private school might be established in the slums, operated by a non-school system group, specifically for experimentation on such education problems.

One objective, he said, would be to place control in the hands of the people to be helped, and to encourage the development of an education system keyed to the problems of ghetto unemployed.

## Fishing Control Delayed To 1970

All of Michigan's 600-700 licensed commercial fishermen are being notified individually by the Department of Natural Resources (DNR) that during most of 1969 they will be able to operate "much" as they did this year.

A new law authorizes the DNR to limit Michigan's number of licensed commercial fishermen, set their catch quotas, and specify where, when, and how they can carry out their fishing in this state's Great Lakes waters.

Another new amendment to the commercial fishing law provides for an advisory committee to be appointed by the governor which will assist the DNR in formulating such procedures and rules governing the commercial fishing industry.

As spelled out in the department's letter to commercial fishermen, these new rules, including the limited entry concept, are not expected to take effect until Jan. 1, 1970. That will leave 1969 as primarily a decision-making period in which the DNR plans to work with the advisory committee yet to be appointed in shaping needed new controls.

With no major shake-ups seen for next year, applications for 1969 commercial fishing licenses will be honored. However, the DNR's letter stresses that no commercial fisherman has a guarantee he will be issued a license in 1970 just because he gets one for 1969.

Each operator's chances of being issued a 1970 license will depend upon eligibility requirements which the DNR will draw up next year in counsel with the advisory committee.

In keeping with a change which took effect this year, commercial fisherman again next year will be required to obtain permits from the DNR to use gill nets of 4½-inch or larger mesh and to set any gill nets in waters shallower than 35 fathoms in lakes Michigan and Superior. Efforts are afoot to extend this permit requirement to Lake Huron in 1969.

As in 1968, gill net permits will be issued only to commercial operators who held valid licenses and who marketed at least \$1,000 worth of fish in one or more of the years from 1963 through 1967. Procedures for obtaining these permits will be same as in 1968.

Smallest unit cared for by the National Park Service is the dwelling in Washington, D. C., where President Lincoln died.

### SINUS Sufferers

Here's good news for you! Exclusive new "Hard-core" SYNACLEAR Decongestant tablets act instantly and clear all nasal cavities.
